

# GC can meet \$14 million budget, mayor says

By GARY SCHNEIDER  
of the Press-Record

The growing assessed valuation of Granite City can support a \$14,550,210 budget while allowing the tax rate to drop about five cents per \$100 assessed valuation, Mayor Paul Schuler predicted during a lengthy and heated meeting of the city council Tuesday night.

Contrary to earlier reports which show a decline in the assessed valuation for the city, Schuler affirmed that the city's assessed valuation is growing at one of the fastest rates in its history. "Last year, we added Michigan Metals, a \$6 million to \$7 million project, and Feralloy Corp., another \$2 million to \$3 million dollars."

"This year, we are adding Chromalloy (Pre-Coat Metals) at about \$15 million, Air Products has a \$25 million expansion underway and National Steel is spending \$165 to \$170

million dollars," Schuler noted. Alderman Glen Sprankle also noted that American Steel Industries has a major expansion project underway.

Schuler concluded, "We have record increases in assessments in the city. Those things did not come accidentally. You, the aldermen, the city and the Chamber of Commerce worked hard to bring them (new industries) here."

"We cannot know the increases until they are assessed and on the tax rolls. It is up to you to weigh the evidence and vote your conscience," the mayor told the aldermen as he called for a vote on the first reading for the city's 1980-81 fiscal year budget.

The budget passed first reading, but it was on a vote of 8 to 5. Aldermen voting against passage of the budget, as written, were Sam Whitmer of the Second Ward, Warren Decatur of the Fourth Ward, Lloyd Bailey of the Fifth Ward and Paul Ray Bowler and Mike

Morison of the Seventh Ward.

Voting in favor were Everett Morlan of the First Ward, Fred "Pat" Schuman of the Second Ward, Ray Pauls and Paul Fisk of the Third Ward, Sprankle from the Fourth Ward, Margaret Nann of the Fifth Ward and Mac Warfield and Earl Baker of the Sixth Ward. Alderman Charles Douglas of the First Ward was absent.

FIGURES ARE MISLEADING Reports published in Granite City yesterday which showed that the city's assessed valuation in 1979 was down \$5,561,274 from the 1978 assessment were misleading, according to Schuler's aide, Dave Nolan.

That report, from the county clerk's office, fails to take into consideration the removal of corporate personal property tax from the assessment rolls. Corporate personal property, which includes industrial equipment, removed from the tax rolls Jan. 1, 1978,

under a deadline set in the 1970 Illinois Constitution. The state legislature later passed a corporate replacement tax to compensate taxing bodies for the loss. However, removal of corporate personal property from the assessment rolls decreased the city's assessment approximately \$66 million, due to the heavy industries here, Nolan said.

If the corporate personal property had been removed in 1978, the assessed valuation of that year for the city would be about \$120,000,000 which is 8.5 percent below the 1979 assessed valuation of \$131,271,000 without corporate personal property being assessed.

"That's almost a 10 percent increase in assessment, which is about what we had predicted. With all the new industries coming in, we should see even more of an increase in assessment next year, to help support this budget," Nolan said.

He said the figures on the amount of

corporate personal property tax came from the Illinois Department of Commerce and Community Affairs (formerly the Department of Local Government Affairs), which also predicts that the corporate replacement tax will be at least as much next year as in the past year, despite the current recession.

SPECIAL MEETING SET

Mayor Paul Schuler called for a special meeting of the council Tuesday night, July 29, for a second public hearing on the budget at 7 p.m., followed by final passage of the budget during the council meeting which will follow. Any changes which the aldermen wish to make may be made at that time, Schuler noted.

The tentative budgets, which now are on display in the city clerk's office, allocate \$7,562,068 for the general operating budget, \$1,431,497 from Community Development, \$1,834,860 for

the secondary sewage treatment plant, \$673,334 from motor fuel taxes, \$767,439 from federal revenue sharing and \$2,580,000 for the city's share of the cost to construct the 19th Street overpass.

At this week's council meeting, the aldermen approved one change—removing \$40,000 from payroll in the revenue sharing fund and giving it to the street department for curbs and gutters. Alderman Bowler was the only alderman voting against adoption of the revised revenue sharing budget.

The amendment was the result of four hours of discussion, sometimes heated, in which the heads of most city departments were asked to justify their personnel and expenditures. The evening also was marked by disagreements between the aldermen who believe there will be sufficient income next year to support the budget

## Tax base shows growth

By BILL WINTER  
of the Press-Record

Madison County assessments rose by \$87,520,149 for the 1979 tax year (summer 1980 collection), not counting the elimination of \$236,303,885 in corporate personal property values.

Abolition of the personal tax will not cause a reduction in tax revenue for local-level taxing agencies, since that money has been replaced by a change in the state corporate income tax.

Figures compiled by County Clerk Evelyn Bowles this week total \$1,068,071,846 for the county, compared to the year-ago \$1,206,855,882 (\$236,303,885 corporate personal property and \$89,851,097 in other assessments, mainly real estate lots and lands).

Because corporate personal property has been deleted from the tax rolls due to state legislation that was prompted by a mandate in the 1970 Illinois Constitution, the new (1979 tax year) assessments total less than the 1978 valuations in most Quad-City area districts.

There are three exceptions to this pattern:

Madison County Special Service Area One, the portion of the Quad-Cities to be served by new sanitary sewers. Its new assessed valuation of \$38,659,432 compares with \$36,676,424 a year ago.

The Village of Ponton Beach, where growth has led to a valuation total of \$7,119,402, well ahead of last year's \$7,040,214 despite elimination of corporate personal property.

The Miracle Manor-Bellemeor Place Estates Lighting District, where the new total is \$3,411,800, compared to \$3,274,850.

Although Granite City's municipal and township valuation has dropped to \$131,271,634 from \$186,884,379, the \$55,612,745 difference is less than the estimated \$66 million reduction in corporate personal property and, therefore, reflects growth in the base of taxable real estate.

The City of Madison now has a \$9,990,156 property base, compared to \$15,758,812, and the City of Venice is listed at \$13,771,121, compared to

\$24,422,737 a year ago.

Nameoki Township totals \$47,006,462 (\$52,214,007 a year ago), Chouteau Township \$28,097,184 (\$34,163,265) and Venice Township (Venice-Madison area) \$25,186,519 (\$41,073,700).

Granite City School District Nine has a new assessment total of \$187,334,170 (\$247,209,556 a year ago), Madison School District Twelve \$13,038,235 (\$22,522,944) and Venice School District Three \$12,918,898 (\$20,313,762).

Granite City's park district assessment is \$130,208,768 for this collection year (\$186,006,801 last year) and the Venice park district total matches that of the City of Venice, \$13,771,121 (\$24,422,737). The Granite City park district now is slightly smaller in size than the city-township.

The State Park Place Street Lighting District has a \$1,427,260 tax base (\$1,465,220).

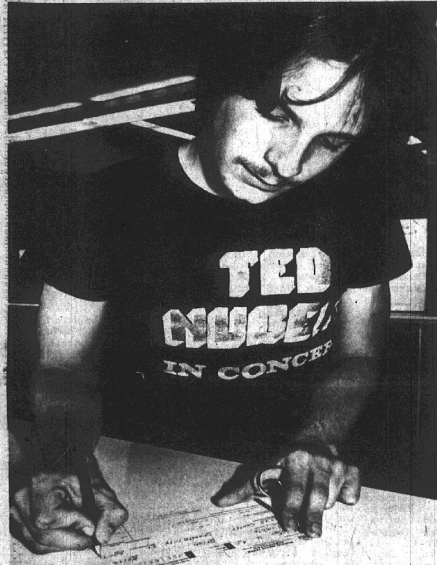

The Long Lake Fire Protection District totals \$31,766,297 (\$32,189,854 a year ago), Mitchell Fire District \$16,350,067 (\$30,493,201) and State Park

Fire District \$8,489,444 (\$8,881,035).

A breakdown of the multi-county State Park Fire District valuation shows \$5,774,630 in Madison County (down from \$6,337,863) and \$2,715,414 in St. Clair County (\$3,064,072).

The other Quad-City area taxing agency crossing the county boundary is the Metro-East Sanitary District. Its new assessment of \$353,596,012 (\$490,880,029 a year ago) consists of Madison County property aggregating \$196,174,690 (\$267,461,304) and St. Clair County values totaling \$157,421,322 (\$223,418,725).

The \$87 million growth in the overall Madison County assessment base stems from a \$51,962,860 gain in the assessed value of lots, a \$40,616,215 rise in the value of lands, and a \$52,320 increase in locally-assessed railroad property. State-aid railroad valuations are down \$5,020,546, and pollution control facilities show an assessment decrease of \$2,900.

**SIGN IN, PLEASE.** Brian Pemble, 19, of 2445 Center St., registers for the draft Wednesday morning at the main Granite City post office. Only basic information is asked and officials stress that less than five minutes are needed to fill out the Selective Service form. All young men born in the years 1960 and 1961 are required to fill out the form by July 31.

## Arrest three in armed robbery

An alert citizen, combined with the swift response of police officers, resulted in the capture of three armed robbery suspects who allegedly held up Green's Confectionery, 2500 Denver St., at 2:36 p.m. Tuesday.

Officially charged with armed robbery in informational documents obtained Wednesday afternoon from the Madison County state's attorney's office are Randy R. Allen, 26, of 2422a Delmar Ave., Meredith M. Fassold, 18, of 2026 Grand Ave., and William M. Sale, 17, of 2001 Beckwith St., Madison. Bonds of \$50,000 each were set on all three men.

Mrs. Cleo Green told police two men entered the confectionery, walked to the rear of the store and, after a few moments, returned to the front.

One man, described as between 20 and 25 years old, about five feet, five inches tall, with "dirty blond" hair, stood across the counter from Mrs. Green and said, "Don't move."

She turned and saw the first man was holding a long-barreled handgun close to his body, pointing it directly at her, she related.

The second man, who had a nylon stocking over his face and did not

## City cost cuts? Opinions vary

Questions whether Granite City needs an air pollution control department, three part-time city attorneys, a police rifle range, 30 employees at the sewage treatment plant and a police patrolman assigned full time to parking meters were among the questions debated at length by the city council Tuesday night as the aldermen attempted to reach agreements on the city's budget for the 1980-81 fiscal year.

The debate is sure to continue this week before the council adopts its budget before the Thursday, July 31, deadline for publication of the document. The council will meet again Tuesday, July 29, at 7 p.m. to hold a public hearing on the budget and then will put the document up for a final vote.

Although the aldermen voted 8 to 5 Tuesday night to put a tentative budget on first reading, retaining all city employees in their current roles, it is clear that the tentative budget will not have clear sailing in the next week. Opinion is divided on whether income in the 1980-81 fiscal year will support the new budget of \$14,550,210, which is nearly 41 percent higher than the \$10,204,186 budgeted for last year.

Alderman Paul Ray Bowler and Warren Decatur of the finance committee have recommended sweeping cuts through all "non-essential" city departments to avoid a cash-flow crisis next summer.

Decatur addressed the council Tuesday night, saying, "We are talking about using \$486,000 of our revenue sharing for salaries. I want the aldermen to realize that there are other alternatives."

"I am not in favor of terminating people from employment, but we came up with a proposal to reduce all but the essential departments."

"There is a lot of controversy on the proposal to eliminate the air pollution department, but the state has said it will take over that job. I propose a restructuring of department heads to have one head for sanitation, inspection and air pollution."

"We project a savings of \$655,148 in salaries with the following program," he said.

Decatur suggested that elimination of the air pollution department can save \$55,832. Ambulance fees should be raised to make the ambulance service self-supporting. Another \$131,582 can be saved by reducing the number of personnel in the fire department, he believes.

Eliminating the three part-time city attorneys (whose salaries total \$41,577) and hiring one full-time city attorney at \$25,000 per year could save \$16,577, with the insurance costs for the attorneys, Decatur suggested.

He also recommended terminating two employees in the inspection and sanitation departments to trim \$51,859 from the budget.

The police department should consider hiring meter maids to enforce parking meters, freeing the full-time officer on that duty for crime fighting, he said.

The sewage treatment plant should reduce its personnel by about 10 persons, he contended, noting that would leave 20 employees there. Alton operates its plant with nine persons and Champaign-Urbana utilizes 20.

## CURIOSITY GOT THE CAT

That's how the old saying has it. Kids have that in common with cats—CURIOSITY. Medicines, both prescribed and over-the-counter, are generally not for children. They should be kept out of reach so as not to tempt inquiring fingers. Admonitions sometimes create curiosity where none existed, so just plain out of sight and reach protects innocent lives.

## Conn will not run for appellate judge

Gerald B. Conn, 40, Bethalto, announced last week that he will not accept an appointment by the Republican party as nominee to run against Robert Mays of East St. Louis for a vacancy in the Fifth District Appellate Court at Mount Vernon.

Conn was felt by many to be the front-runner for that appointment, which was to be made last week by the Committee for the Selection of an Appellate Judge, Fifth District.

Conn said he was asked several times by the committee if he was interested in running, since the Republicans did not have any candidate on the primary election ballot and, therefore, have no nominee to oppose Mays, the Democratic nominee, in the November general election.

However, Conn said, "My main goal is to be appointed to the vacancy created by Judge Harold R. Clark and I plan to devote all of my energies toward that appointment December 1."

Clark's post has been filled temporarily by newly-elected Circuit Judge A.A. Matossian, but Matossian will leave that bench when he is elected in the November election to fill the vacancy created by the advancement of Circuit Judge William Beatty to the U.S. District Court.

"Both Judge Clark's vacancy and Judge Mays' vacancy will open Dec. 1, so I have decided to apply again for Judge Clark's spot," Conn said.

Clark was the only Republican circuit judge in the Third Judicial Circuit and Conn feels that a Republican should fill the spot.

Conn said that when he first was approached by the committee to run against Mays for the appellate bench, he told them he was only interested in Clark's then vacant position.

After Matossian was appointed by the Supreme Court, Conn was again asked to consider whether he would oppose Mays, he said. "That is the decision I am announcing today. I will not accept that candidacy," Conn said.

"I have an active private practice of civil and criminal cases, and that is what I like to be in the middle of the fray. Circuit Judges handle those kinds of cases, where the life of an appellate judge is more sedate, more academic."

"I also have family considerations. I have children ages 2, 4 and 7. As an appellate court judge, I would have to spend a great deal of time in Mount Vernon and I am not willing to give up that much time during the children's formative years," Conn said.

GERALD B. CONN

Conn has served as attorney for the committee to select a GOP candidate to oppose Mays and said, "I advised them that there is a Constitutional bar to placing any name on the ballot, except through the primary election process."

"However, I also feel that a lawsuit in federal court challenging that bar would probably be successful, since it arbitrarily denies the voters' chance to choose between two candidates," Conn said.

The committee has several persons interested in running on the GOP ballot against Mays, but has not made any announcements, Conn said.

## Farm groups join in plea to aid income

Leaders of farm organizations from nine states unanimously approved a proposal for submission to the Carter administration to help alleviate deepening economic problems on American farms.

Leaders from the American Agriculture Movement, Farm Bureau, Farmers Union and National Farmers Organization met in St. Louis in mid-summer to iron out organizational differences and establish a united front to combat a severe decline in net farm incomes.

The meeting, chaired by Illinois Director of Agriculture John Block, also included representatives from Iowa, Kansas, Michigan, Missouri, Mississippi, South Dakota, Tennessee and Texas.

It follows a similar farm summit held in Springfield in mid-April involving the major farm organizations of Illinois.

A six-point policy plan was adopted by the nine-state gathering.

1. U.S. farmers are the major victims of the U.S.-improved Soviet grain embargo. Therefore, the embargo should be lifted, it was agreed.

Legislation is sought to provide that any future embargoes can be imposed only by Congress, except in the case of a declared war. If such embargoes are enacted, crop loan rates should move to 90 percent parity, the farmers said.

2. The U.S. Department of Agriculture should function as "an advocate in support of a productive and profitable agriculture."

"Misguided consumer influence in the USDA has dominated many recent decisions. The dietary guidelines, nitrite bans, and cholesterol concerns are undocumented by conclusive scientific evidence and have brought unnecessary damage to the agricultural industry."

3. "A healthy, prosperous agriculture ultimately benefits both farmers and consumers. USDA policymakers should recognize that fact when policies are being established and implemented."

4. "An effective clean water and soil conservation program would combine the resources and abilities of existing environmental and agricultural agencies to improve water quality and conservation of the nation's soil resources."

"Such a program should provide incentives to farmers to establish conservation practices and encourage sound land use and cropping patterns," it would enhance the quality of the environment by curbing soil erosion.

5. "Due to the continuing effects of the embargo and long-term depressed prices, the USDA should announce land retirement programs for the 1981 crops. These announcements should be made long ahead of planting time."

6. "An expediting office or person is needed so that farmers can make contact and cut through 'red tape,' getting the help they need to produce alcohol for fuel."

"We further support research and incentives designed to expand use of renewable resources of all kinds."

"This can reduce dependence on foreign oil, provide diversification and competition in the energy field, and make available a high quality, high protein product to be exported to countries around the world."

7. "Recent history has shown that many government actions have been detrimental to the economic health of agriculture. Therefore, we pledge to work together to foster a united front to help farmers help themselves, through organizations authorized under the Capper-Volstead Act, designed to strengthen farm prices and incomes."

water and soil conservation program would combine the resources and abilities of existing environmental and agricultural agencies to improve water quality and conservation of the nation's soil resources."

"Such a program should provide incentives to farmers to establish conservation practices and encourage sound land use and cropping patterns," it would enhance the quality of the environment by curbing soil erosion.

5. "Due to the continuing effects of the embargo and long-term depressed prices, the USDA should announce land retirement programs for the 1981 crops. These announcements should be made long ahead of planting time."

7. "Recent history has shown that many government actions have been detrimental to the economic health of agriculture. Therefore, we pledge to work together to foster a united front to help farmers help themselves, through organizations authorized under the Capper-Volstead Act, designed to strengthen farm prices and incomes."

He said he feels there is some surplus in the revenue sharing budget appropriation for the street department, which should cover the cost of the truck.

Alderman Sam Whitmer of the Second Ward said he would oppose the purchase. "I think we should stop all spending until we get this budget squared around."

"The financial people say we are not going to have enough money to get through this year and next year until next tax time. Now we are losing the taxes from A.O. Smith. I am going to vote no," Whitmer said.

Portell said, "Money is always a problem and if this was not badly needed and at a good price, I would not even look for it. If we have nothing to work with, you get no action."

"This is the last opportunity to get this truck at this price. It is already sold to someone else if we do not come up with this money by tomorrow," Portell told the council.

After Mayor Paul Schuler said he agrees the price is a bargain, the aldermen voted to make the purchase from revenue sharing funds, with Whitmer voting no.

## Albert Braden

Albert William Braden, 33, of 6615 Bridgegate, Spring, Texas, died at 8:54 p.m. Saturday, July 19, at the Houston Northwest Medical Center in Houston, Texas. It is believed he suffered a heart attack and was pronounced dead upon arrival at the medical center.

He was born and had resided in St. Louis until six years ago when the family moved to Texas.

Mr. Braden was employed for 13 years as a manager of outside construction for Southwestern Bell in Houston.

He was of the Baptist faith. Survivors include his wife, Mrs. Nancy S. Buckle; Braden; two daughters, Tabitha Dawn and Heather Lynn Braden, both of St. Louis; one son, Tracy A. Buckle, at home; his father, Gus Braden, Iron Mountain, Mo.; his mother, Mrs. Dorothy Herrington, Sikeston, Mo.; one brother, Herbert Braden, Scott Air Force Base; two sisters, Mrs. Bernice Patricia Hutcheson, Granite City, and Mrs. Gary (Phyllis) Anders, Bucklin, Mo.; two stepbrothers, Harold Crocker, St. Louis, and Lawrence Crocker, Farmington, Mo.

The Rev. Harold Maynard conducted funeral services at 9 a.m. today, July 24, at Bob Thomas Memorial Mortuary Chapel, 2205 Pontoon Road. Graveside services were also held at 1 p.m. today in the Garden of Memories Cemetery in Sikeston, Mo.

## John Broomfield

John Broomfield Jr., 72, of Granite City, was pronounced dead at home at 3:30 p.m. Wednesday, July 23, by William Sternberg, Madison County deputy coroner.

He had been in ill health for four and one-half years and was confined to his bed recuperating from a broken hip.

Mr. Broomfield was born in Venice and was a lifelong resident of the Quad Cities.

He retired in 1975 from Granite City Steel after 33 years service as a steel roller.

Mr. Broomfield served during World War II with the U.S. Army from 1941 until 1945. He was of the Protestant faith.

Survivors include his wife, Mrs. Lois (Andrews) Broomfield; one son, Larry Miller, Granite City; another, Robert Broomfield, Granite City; four sisters, Mrs. Alice Gobel, St. Louis, Mrs. Elsie Walker, California, Mrs. Betty Mareski, Chicago, and Mrs. Bonnie Bowler, Florida; three grandchildren and nieces and nephews.

Friends may call after 5 p.m. today at Bob Thomas Memorial Mortuary, 2205 Pontoon Road, where services will be conducted at 1 p.m. Friday, July 25. Burial will be in Sunset Hill Cemetery, Edwardsville Township.

## Robert Guenther

Robert Guenther III, 6-week-old infant son of Mr. and Mrs. Robert Thomas (April Jo) Guenther III, died at 5:15 p.m. Saturday, July 19, at the Fifth St., Madison, was taken from his

home to St. Elizabeth Medical Center where he was pronounced dead upon arrival at 11:16 a.m. Monday, July 21. The police were called to the house where they found the baby lying in a crib with no signs of breathing and some discoloration to the skin. He had been fed at 9 a.m. and had not been ill, according to the mother. An autopsy is pending.

The infant was born in Granite City. Other survivors include a sister, Stacy Marie Summers of Madison; and grandparents.

Funeral services were held at 11 a.m. Wednesday, July 23, at Mercer Mortuary, 1416 Niedringhaus Ave., with burial in St. John Cemetery, 2901 Nameoki Road.

## Emil Mejaski

Emil Mejaski, 62, of 1705 Elizabeth St., Madison, died at 10:53 p.m. Wednesday, July 23, at St. Elizabeth Medical Center.

A lifelong resident of Madison, Mr. Mejaski had worked at American Steel Foundries for 43 years and as a foreman for 25 years before he retired on April 1, 1980.

Mr. Mejaski was a member of St. Mary's Roman Catholic Church and also belonged to the Moose Lodge, Wood River, Lodge Velebit 222, Croatian Fraternal Union and was a member of the 25-Year Club at American Steel.

Survivors include his wife, Mrs. Ann (Kuklick) Mejaski; a son, Robert Sautfuer, St. Petersburg, Fla.; one brother, Mike Mejaski; two sisters, Mrs. John (Olga) Bilich and Mrs. Mary (Nell) Zarr; his mother, Mrs. Barbara Mejaski and mother-in-law, Mrs. Theresa Kuklick, all of Madison; and two grandchildren.

Friends may call after 2 p.m. Friday at Sedlak Funeral Home, 615 Madison Ave., Madison, where services will be held at 9:30 a.m. Saturday, July 26, at St. Mary's Roman Catholic Church, 10th Street and Alton Avenue, for 10 a.m. mass. Burial will be in Calvary Cemetery, Edwardsville Township and the Rosary will be at 7 p.m. Friday.

## Thomas Mroz

Thomas Mroz, 29, a former Granite City resident, was apparently a drowning victim on Wednesday at a site near Mount Olive, Ill., according to word received here today.

No details on the incident or survivors were available this morning. Funeral arrangements are pending at Mercer Mortuary, 1416 Niedringhaus Ave. For further information call 878-4321.

## Richard Stemmer

Richard A. Stemmer, 25, of Thebes, Ill., formerly of Granite City, died at 3:30 a.m. Tuesday, July 22, at St. Francis Hospital, Cape Girardeau, Mo., where he had been admitted three hours earlier.

There will be an inquiry to determine the cause of death.

Born in Santa Monica, Calif., he had

lived in Granite City for many years prior to moving to Thebes one year ago. Mr. Stemmer was employed as a miner for the Illinois Mineral Mining Co., Elco, Ill.

He was of the Catholic faith. Mr. Stemmer and Miss Donna Piper of Granite City had planned to be married in September here.

Survivors include one daughter, Wyndie Lynn Best of Granite City; his parents, Joseph William Stemmer, Bermuda Dunes, Calif., and Mrs. Ruth Poole of Thebes, Ill.; four brothers, Joseph W. Stemmer, El Paso, Texas, Kenneth E. and John M. Stemmer, both of Bermuda Dunes, and Brian K. Stemmer of Thebes; and one sister, Mrs. Timothy (Karen) Dickerson of Granite City.

Funeral services were conducted at 11 a.m. today, July 24, at Mercer Mortuary Chapel, 1416 Niedringhaus Ave., with burial in Sunset Hill Cemetery, Edwardsville Township.

## Robert Wright

Robert S. Wright, 63, of 4936 Lakeview Drive, died at 8 a.m. Wednesday, July 23, at John Cochran Veterans' Hospital, St. Louis.

He had been ill since last November and had entered the hospital Sunday.

Mr. Wright, a U.S. civil service employee for 24 years, retired Oct. 20, 1977. He had worked in the federal government facility at 4900 Goodfellow Blvd., St. Louis, as a boiler engineer.

He was born in Cardiff, Mo., and had resided in the Pontoon Beach area for the past 10 years, having previously lived in Madison for several years. Mr. Wright was a U.S. Army veteran of World War II.

Among the survivors are his wife, Mrs. Anna Wright; a son, Ronald S. Gorst; a daughter, Marcella G. Freeman; two stepchildren, Mrs. Lucette Nelson of Tacoma, Wash., and Reiner Becker of Collinsville; a sister, Mrs. Reddy Land of Mill Creek, Ill.; 16 grandchildren and one great-grandchild.

Graveside services will take place at 2 p.m. Friday, July 25, at the National Cemetery, Jefferson Barracks, Mo.

## Lendall York

Lendall M. York, 55, of 12126 Bajada Drive, Rancho Bernardo, San Diego, Calif., husband of Mrs. Jeanne York (Bridick) York, formerly of Madison, died at 5:45 p.m. Wednesday, July 23, at a hospital in Rancho Bernardo.

He had been in poor health for five months with cancer.

Mr. York was the manager of Best Western Motel in Rancho Bernardo. He was formerly from Maine.

Other survivors include his mother, Mrs. Doris York and two brothers, Wesley and Wayne all of Portland, Maine.

Funeral services are pending at the Lindquist Funeral Home, 37 Portland St., Yarmouth, Maine.

## Job service unit expands

With the moving of the Unemployment Security office out of the Illinois Department of Labor building at 1820 Cleveland Blvd., Monday, the Job Service has been able to expand its office and is now offering improved service to those seeking a job, a spokesman said this week.

The Unemployment Security office has moved into the former Price Crea warehouse building in American Village Shopping Center, allowing the expansion of the Job Service office downtown.

"We have rearranged the Job Service office so we now can offer more effective service. We also have a wide variety of new and attractive job openings to fill, so we hope the use of employment will allow us to help them, even though we no longer are located in the same facility as the Unemployment Security office," the spokesman concluded.

## Removes fan to enter home

Raymond Husted, 1513 Collinsville Ave., Venice, returned home at 12:30 Tuesday after spending the night at a heat relief shelter and found a burglar had entered his home by removing a window fan.

Stolen were the window fan, a 19-inch television and two smaller fans, he told police.

A lock on a door to the building was tried to gain entry.

## \$1,500 burglary

Items valued at about \$1,500 were stolen from the home of William Decatur of the 2100 block of Benton Avenue, it was discovered last week.

Items taken included a \$650 camera, a zoom lens, two tripods and a bottle containing about \$75 in coins.

Also taken were numerous items belonging to Haskell "Buck" Pyatt of the 2200 block of Grand Avenue, which Decatur was storing for him. Pyatt's losses include a \$100 jewelry box and assorted jewelry, a \$75 hand-held tape recorder, a \$75 calculator, a \$100 pair of binoculars, a \$150 wrist-watch and a gold pocket-watch.

A lock on a door to the building was tried to gain entry.

## Grassroots Government

Venice Town Board 7 p.m. today, July 24, at Fifth Madison.  
Pontoon Beach Village Board 10 a.m. Saturday, July 26, at Village Hall.

Nameoki Town Board 7 p.m. Monday, July 28, at 4250 Highway 162.

## Births

Births recorded at St. Elizabeth Medical Center include:

**GIRLS**

Mr. and Mrs. Thomas Lindsey, 722 State St., Madison, July 21, Timi Dawn, seven pounds, seven ounces.

Mr. and Mrs. Harold Skalky Jr., 173 Olive St., July 22, Amy Marie, seven pounds, 10 ounces.

Mr. and Mrs. Robert Allen,

2806 Emzee Ave., July 23, Angela Marie, four pounds, six and one half ounces.

Mr. and Mrs. Russell Presswood Jr., 1553 Johnson Road, July 21, Christopher Michael, eight pounds, two ounces.

Mr. and Mrs. James Grady, 2156 Bern Ave., July 22, Robert James, nine pounds, four ounces.

## Robbery

(Continued From Page 1)

The passerby had become suspicious when he saw the men running and it appeared one of the men had his hand on a object stuck in his front waistband.

He watched the pair run west along Denver Street, across Nevada Avenue to the rear of Washington School and enter a car parked in the 2600 block of West 20th Street.

Granite City police broadcast a description of the vehicle.

Madison Police Lieutenant William Pape saw the auto traveling south on Route 3 and got behind the vehicle near

Bissell Street.

At Route 3 and Broadway, Madison Detective Sergeant Paul Bargiel blocked the path of the fleeing auto with his unit.

The vehicle stopped and the occupants were ordered out and placed under arrest by Pape and Bargiel. Assisting at the scene were Madison Police Chief Donald Bridick and Venice Patrolman Tim Simmons.

The three suspects offered no resistance and were turned over to Granite City officers.

# Venice school budget has \$200,000 deficit

By VALERIE EVENDEN

The Venice Board of Education approved a tentative budget of \$1,539,196 to operate the Venice public schools in 1980-81, a decrease of about 12 percent from last year's budget, at its meeting Monday night.

In addition, a \$551,817 budget was accepted for Venice-Lincoln Technical Center, the federally financed adult education school, which is administered by the Venice board.

Estimated total expenditures in the combined budgets are \$2,091,663, a drop of \$242,126 from the previous year.

Both budgets will be displayed for 30 days at the Venice School Board office prior to a public hearing and adoption on Sept. 8.

The total budget for the Venice public schools, down \$208,653 from 1979-80, includes \$202,797 for Title I and Title VI programs, which are reimbursable from federal and state sources.

Last year's budget showed total expenditures for the public schools of

\$1,767,789, including \$395,732 in Title I and Title VII funds.

The district has lost an overall total of \$192,732 from its special funding sources, mainly in Title VII money. Excluding Title I and Title VI expenditures, the figures show costs in the new budget are down by \$35,658 from the previous year, a decrease of just over two percent.

Noting the 1978-80 budget was down \$180,363 over the previous year for a decrease of 11.5 percent, Superintendent of Schools Robert N. Vickers said efforts still are continuing to reduce expenditures wherever possible.

The new Venice public schools budget shows anticipated revenues next year of \$1,299,456, a deficit of \$210,386 compared with estimated expenditures.

Estimated revenue in the Venice public schools' educational fund is \$1,130,862, with anticipated expenditures of \$1,257,995, a deficit of \$127,133.

## G.C. budget

(Continued from Page 1)

and those aldermen who do not. Alderman Bailey summarized the mood of the meeting when he told the mayor, "I'm confused. You say we will have enough money to support this budget and others say we will not. If there will be enough money, I am in favor of it. If there will not be enough, I am for laying off people now and cutting expenses."

In the end, Bailey voted against adoption of the city budget.

Mayor Schuler concluded, "I have defended the budget presented tonight. For what it's worth, we have the same thing every year, disagreements over the budget, which are becoming increasingly heated year by year, but I think it is good."

"It shows that the aldermen are studying the figures and making themselves aware of the problems," he said the tax rate, which is con-

trolled by the budget, was \$1.511 for the 1977-78 fiscal year and dropped to \$1.477 for the 1978-79 tax year (collected this summer). "We project nearly a nickel reduction this year, due to the increases in the assessed valuation in the last two years," he added.

If Schuler's prediction is correct, the tax rate for next summer's collection should be about \$1.43 per \$100 assessed valuation, down about eight cents from two years ago.

In the operations, building and maintenance fund, expenditures are estimated at \$147,281, against \$75,000 in estimated revenue, a deficit of \$72,281. Bonds and interest revenue is estimated at \$62,816 while disbursements in this fund are listed at \$38,225, a difference of \$24,591.

The transportation fund shows expenditures of \$63,550 with anticipated revenue of \$32,085, a deficit of \$31,465.

Disbursements in the municipal retirement fund total \$27,295 with expected revenue of \$26,295 for a difference of \$1,000.

Estimated disbursements through the working cash fund was \$5,400, with the same amount of revenue being anticipated.

The Venice-Lincoln Technical Center budget for fiscal 1981, totaling \$551,817, shows \$441,425 in the educational fund; \$72,843 in the operations, building and maintenance fund; \$26,468 in the transportation fund; and \$12,081 in the Illinois Municipal Retirement fund.

The demand for services is rising every day and it is a tough job to maintain the services with the force we have and the demands today.

I recommend 1.95 policemen per 1,000 people, or about 62 officers. We have 52 now," Veizer said.

There are never fewer than five officers on the streets at any one time, and that is a rare occurrence, he said.

Annexations in recent years also have strained the police department and fire department, he said.

Called now to North High School, Mockingbird Lane or the Illinois Power Industrial site on Route 5 is up a great deal of time for the officers. Construction of Pre-Cast Metals in the IP industrial park has generated a great deal of recent vandalism and theft and required many hours of police patrolling, he added.

Crime and other expenses involved with serving the outlying areas served by the police have had to come from the police department's budget, further straining the budget, the aldermen were told.

The one patrolman on parking meter duty, Ervin Kuenhoff, not only writes parking tickets, but collects the money from the meters and repairs broken meters, Veizer said.

A second officer, Sam Avedisian, only assists in collecting money and fills in when Kuenhoff is off, he added.

Use of meter maids to write tickets would still require assignment of an officer or civilian to collect the money and maintain the meters. Belleville has nine persons in its parking meter division, while Granite City operates with only one, most of the time, the chief explained.

The rifle range cost the city only \$961 last year to maintain and operate, Veizer said, contending it was money well spent.

## Cost cut

(Continued from Page 1)

He also suggested that six persons in the street department be terminated, saving \$154,395 in the fiscal year. "Since we have reduced the budget, we have taken away most of their (street department) materials. With a big reduction in materials, we should not have a large number of people," he contended.

City Treasurer Nick Petrillo also suggested that the police department end its competitive shooting program, including maintenance of the rifle range.

DEPARTMENTS DEFENDED Heads of the departments named were quick to respond to the suggestions, saying they feel all of their expenditures are justified and needed. They agreed that every effort had been made to trim unnecessary expenditures in their departments.

Chief of Police Ronald J. Veizer said his department is underrmanned by about 10 policemen, according to a recent study which shows that a city the size of Granite City, in close proximity to a major city, such as St. Louis.

"The demand for services is rising every day and it is a tough job to maintain the services with the force we have and the demands today," he said.

"I am asking for \$500 more to improve that program. I think you will find, if you look around, that our program is one of the cheapest in the state, but one of the best," he concluded.

AIR BOARD NEEDED Paula Case, head of the city's air pollution control department, said the aldermen "believe the state would provide the same service as a local air pollution control department, if that department was eliminated, probably would be disappointed."

The state is taking over some of the air monitoring duties here, "but air monitoring is only one-fifth of the work we do. We also conduct surveillance of the industries, handle enforcement, complaint investigation and public information."

"The state is going to give us more help with monitoring, so we can get more people out in the field for surveillance, plant visits and our other work," Mrs. Case said.

"Granite City is still number one in pollution in the state and probably the worst in the country. We have only one lead problem in the state. There are health considerations here, you know what lead can do. The citizens want to be protected, too," she said.

Efforts by the local air board have contributed in programs underway at Granite City Steel to rebuild its coke ovens and to modernize other departments. Other industries are cooperating in an effort to trap more dust. Open burning by industry has been halted and the programs supported by the city department are resulting in cleaner air, slowly.

"Air pollution just doesn't blow away overnight. There are 387 industries to deal with in this area," she said.

She also noted that the man from the regional Environmental Protection Agency assigned to monitor Granite City has resigned and there does not seem to be any plans to replace him, which should serve as notice that the state would not provide the kinds of service to Granite City that a local air pollution control department provides, Mrs. Case concluded.

STREET WORKERS BUSY Street Superintendent Lionel Portell defended his manpower

"I am not going to send an officer out onto the streets when he does not even know which end of his gun the bullet comes out," the chief stated.

The rifle range was built primarily with donated labor and materials and the policemen do a lot of the work there on their own time to keep it maintained.

Having officers trained in the use of their weapons can save the city hundreds of thousands of dollars, if it avoids one lawsuit from an accidental shooting.

"The rifle range is one of the most important programs in our city. Our policemen have to know how to use their weapons."

"I am asking for \$500 more to improve that program. I think you will find, if you look around, that our program is one of the cheapest in the state, but one of the best," he concluded.

AIR BOARD NEEDED Paula Case, head of the city's air pollution control department, said the aldermen "believe the state would provide the same service as a local air pollution control department, if that department was eliminated, probably would be disappointed."

The state is taking over some of the air monitoring duties here, "but air monitoring is only one-fifth of the work we do. We also conduct surveillance of the industries, handle enforcement, complaint investigation and public information."

"The state is going to give us more help with monitoring, so we can get more people out in the field for surveillance, plant visits and our other work," Mrs. Case said.

"Granite City is still number one in pollution in the state and probably the worst in the country. We have only one lead problem in the state. There are health considerations here, you know what lead can do. The citizens want to be protected, too," she said.

Efforts by the local air board have contributed in programs underway at Granite City Steel to rebuild its coke ovens and to modernize other departments. Other industries are cooperating in an effort to trap more dust. Open burning by industry has been halted and the programs supported by the city department are resulting in cleaner air, slowly.

"Air pollution just doesn't blow away overnight. There are 387 industries to deal with in this area," she said.

She also noted that the man from the regional Environmental Protection Agency assigned to monitor Granite City has resigned and there does not seem to be any plans to replace him, which should serve as notice that the state would not provide the kinds of service to Granite City that a local air pollution control department provides, Mrs. Case concluded.

STREET WORKERS BUSY Street Superintendent Lionel Portell defended his manpower

level, stating, "Our people serve \$1,500 residents per man. Each time there is an addition to the city, our miles of streets to maintain increases. People are demanding more services."

"We have recurring problems with our sewers that need quickly taken care of," Portell added.

Alderman Everett Morien of the First Ward commented, "I think we better try to hold onto the services we have. There is trash in the streets and other work needs done."

Alderman Mike Modrusis of the Seventh Ward suggested that the street department needs three more men and should receive money promised to it earlier this year, but taken away to purchase police cars.

"This is the only department having to dicker for this money and I am tired of it. I make a motion that \$40,000 be put into the revenue sharing budget for the street department," Modrusis said. The motion passed and David Nolan, administrative aide to the mayor, was instructed to transfer the \$40,000 from salaries to the street department for curb and gutter repairs.

REDUCTIONS HARMFUL The fire department needs more men, not fewer, Fire Chief Don Parents told the council. "We are still not up to the manpower the insurance companies require for a good fire insurance rating. Cuts would add to the overtime and would result in raises in the cost of fire insurance for homeowners," he predicted.

Terrence McMillan, superintendent of the sewage treatment plant, contended cuts in his staff would be detrimental and comparing the plant to any other facility would result in false conclusions.

"The plant is staffed for 23 million gallons (of sewerage) per day. Even though we now are getting only seven million gallons, there is very little difference in the operations. The design engineers made the recommendation on staffing."

"Alton has only six million gallons per day with a relatively simple process. They plan to add tertiary treatment and will be adding 50 more personnel."

Champaign-Urbana, from which I was brought to this city, has two plants, relatively simple, but need 20 in the plant and 10 administrators and supervisory people, he contended.

Alderman Paul Pisk of the Third Ward said, "I feel cuts should be made across the board, except the police department, which should be bolstered somewhat, due to what is happening out there (the streets) today."

"I warn department heads that they better get top production out of their people. If we have to go to crisis government later in the fiscal year, the cuts will be far greater," he predicted.

## Man charged with breaking window

Benjamin White, 26, of 1909 Spruce St., was charged with criminal damage to property after he allegedly smashed his fist through two panes of glass at the home of Rene Fernin, 283 Roosevelt Ave., early this week.

The victim alleged that White, a former boyfriend, had been harassing her throughout the day and when she refused to admit him to

the house, he broke the windows.

While police were searching for him, they were notified that White was being treated at St. Elizabeth Medical Center for cuts to his left hand and arm.

He was admitted with a police hold for his arrest when he is released from the medical center, according to official records.

## USE BOLT CUTTERS

Bolt cutters were used to steal a metal adjustable work bench, worth \$115, and a 27-inch bicycle, valued at \$135, which were chained together on a rear porch at the home of Carl Stralman, 1645 Primrose Ave., the owner reported at 7:45 a.m. Tuesday.

## Union in new proposal

A new three-year contract proposal to settle the 17-month-old strike at the A. O. Smith auto frames plant has been presented by United Auto Workers of

officials, although company representatives have told the union a recommendation to close the plant still stands, it was learned by the Press-Record today.

Willard Herzog, president of the striking UAW Local 1715, said the new contract proposal was given to Charles Bauman, manager of labor relations for the company, in a discussion that lasted 18 hours last week at the Federal Mediation and Conciliation Service offices in St. Louis.

Herzog said, however, that Bauman told the union negotiators that the company would not accept a three-year contract because of economic conditions in the auto industry, but that company officials will "take a look" at the union's proposal.

"We are waiting now to hear from the company," Herzog said.

The union president added that he meanwhile has written letters to Bauman requesting written answers to questions pertaining to the phase-out of the auto frames plant, and has requested from the company up-to-date data concerning the pension plan.

Herzog noted that workers at the plant is closed, will receive their vested interests in pensions.

"Mr. Bauman said that if any agreement is reached to resolve the strike, it would have to be on a one-year basis because of the conditions in the auto industry," Herzog said, adding that Bauman said the strike had nothing to do with the decision to recommend the closing of the plant.

Approximately 650 UAW workers have been on strike at A.O. Smith since April 8 in a dispute over wages and benefits.

Herzog said he has not been given a petition asking a membership vote on a final offer of settlement made by the company on June 25.

Last week a group of union members said they had a petition bearing 300 signatures of workers asking an opportunity to vote on the contract proposal. They said at that time the petition was to be presented to union officials Monday.

Company officials were unavailable for comment today.

THEFT FROM GARAGE

A crowbar, a \$300 snow blower, a \$300 air conditioner, a \$30 electric drill and a \$100 circular saw were stolen during a burglary at the garage of Delbert Garwood, 2713 Cayuga St., last week. A lock was pried from an interior door to where most of the missing items were.

## 42¢ school tax rate cut

Tax rates computed by the Madison County clerk this week show a 42-cent rate reduction for the Granite City school district. Superintendent B. J. Davis told the Board of Education Tuesday night.

The \$3.55 rate on each \$100 assessed valuation compares with a final rate of \$3.78 a year ago, when the schools were still retiring construction bonds. The newly-set rate is being used in preparing property tax bills for collection this summer.

A breakdown of the \$3.55 total shows \$2.85 for education, 37.5 cents for the building fund, 12 cents for transportation, 10.7 cents for the Illinois Municipal Retirement Fund and tort immunity, and five cents each for life safety (building safety improvements) and the working cash fund.

The board discussed but took no action on a report by Board Member David Partney that a successful bidder may be unable to fulfill its contract in a

manner satisfactory to the school district.

No board members who had approved the contract award sought reconsideration, preventing the topic from being formally acted upon.

Comments were voiced that the district has no legal basis to challenge a supplier unless and until it fails to meet bid specifications.

It was decided to proceed with steps to employ individuals to fill two vacant positions as social workers. The board authorized informal action to resolve questions arising over the extent of Illinois workers' participation in contracted school renovation work.

Permission was granted for Granite City citizen band radio operators to use a school parking lot Aug. 30-31 to park trailers during their "jambores for charity" at the Granite City Township Building. Of the funds raised, 75 percent will go to the Shriner's Hospital for Crippled Children and 25 percent to Granite City Senior Citizens.

## Convicted ex-officers to start terms Aug. 4

U.S. District Judge J. Waldo Ackerman has granted an extension of time to former Madison officers Ronald Grzywacz, Richard Krieschok and Edward Goclan, who were reported to their assigned federal penitentiaries yesterday and begin their sentences on their federal racketeering convictions.

Tuesday, Judge Ackerman issued an order that the three were to report by today to the U.S. Marshal's office in East St. Louis and are to begin serving their sentences on Monday, Aug. 4. The delay was granted because the three failed to report to the marshal's office in advance of yesterday's date, when imprisonment was to begin.

The failure to report may

have been a misunderstanding, since "one of the defendants did not contact the marshal's office by telephone once" since their sentences were reduced June 30, one official said.

On June 30, Judge Ackerman reduced Grzywacz' sentence from 12 years to three years and reduced the sentences for Goclan and Krieschok from seven years each to one year and one day.

The U.S. Bureau of Prisons will decide to which federal institution each will report. The three were convicted July 5, 1978, of racketeering, conspiracy and of making false statements to a federal grand jury. Subsequent appeals to the Appeals Court in Chicago and to the U.S. Supreme Court failed.

### REPORT OF CONDITION

## Grand Ole Opry trip Aug. 22-24

Residents of the Granite City Park District are invited to join the annual three-day trip to Nashville, Tenn., which includes a visit to the Grand Ole Opry.

The event is planned for the weekend of Aug. 22 to Aug. 24. Total cost of the trip is determined by the number of persons occupying each room.

The roundtrip bus fare is \$28.50 per person and a ticket to the Grand Ole Opry's 3 p.m. Saturday, Aug. 23, show costs \$5 each.

The group will visit the Hermitage Smorgasbord Restaurant in Nashville Saturday evening, and a guide will join the ex-

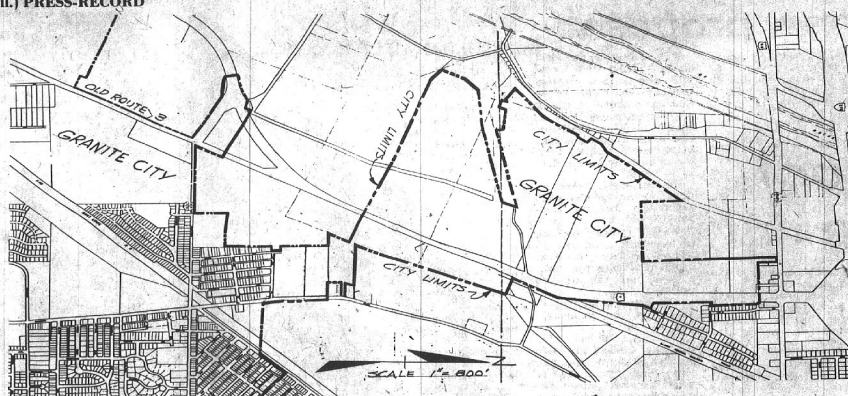

cursionists for a conducted bus tour of the Stars of Nashville homes Sunday morning. The bus will leave the Wilson Park ice rink pavilion parking area at 8 a.m. Friday, Aug. 22, and return to the same location about 6 p.m. Sunday, Aug. 24.

Reservations may be made in person at the park district office when fees for the two nights lodging, bus fare and opry ticket must be paid.

Participation is limited to park district residents and proof of residency must be shown at the time reservations are made.

Only four reservations will be accepted from a single individual, it was noted.

Additional information may be secured by calling the park office at 877-3059.

**CITY LIMITS** in the area west of the city have been disputed recently by those responsible for road maintenance. The Granite City Engineering Department has completed new maps in an effort to resolve disagreements on who should maintain which streets. Granite City Street Superintendent Lionel Portell says the maps clearly show that Slough Road, Rock Road and several other roads are outside of the city limits

and must be maintained by Nameoki Township. The city will maintain the northern edge of the road going into the Illinois Power Co. industrial track in the center of the map. The top of the map is east with north to the right. West Granite is at the bottom left and North Granite is at the bottom right. The divide at Route 3 (Old Route 151) and Missouri Avenue (Old Route 3) is above the northern portion of West Granite.

## John Haynes opens law office here

John Craig Haynes, Glen Carbon, formerly of Granite City, has opened an office at 2945 Madison Ave., for general law practice.

A 1966 graduate of Granite City High School, he also graduated from Southern Illinois University at Edwardsville with a B.S. degree with government as his major and economics as a minor.

Haynes enrolled in the John Marshall Law School in Chicago and graduated there in February 1978.

Since his graduation he has been associated with various law firms including G. W. Richards in Aurora, Ill., Calvo-Guzzardo, Granite City, Wiseman-Shaikewitz, McGivern-Wohl in Alton and also in law offices in Springfield, Ill.

## Mastercard volume down

The dollar volume of Mastercard (Master Charge) business in the trade area which includes metropolitan St. Louis leveled off during the first six months of 1980 to a rate slightly lower than the first half of 1979.

Cardholders generated \$555,815,000 in business during the first six months, compared to \$573,815,000 in the same period last year.

The number of individual transactions decreased by 11 percent from 19,719,000 in 1979 to 17,537,000 this year.

According to Credit Systems, Inc., this tapering off was anticipated as the combined result of the declining economy and application of recent credit controls. CSI is the operating center for Mastercard in the five-state area of Missouri, Kansas, Iowa, Illinois and western Kentucky.

This was the first time in CSI history that any six-month period failed to register a new growth record. "This was a period of stabilization in a totally new environment," reports John G. Regan, president.

"We anticipate that more substantial growth will be restored in the near future as elimination of credit controls encourages greater card promotion and usage."

The CSI Mastercard program consists of over 65,000 merchant outlets, 800 participating banks and almost two million cardholders.

## Madison to attend cable TV conference

The Madison City Council Tuesday night authorized Comptroller Al Hudak and City Attorney Casper Nighossian to attend a conference in Chicago July 28 and 29 on legal and financial factors in operation of cable television.

The conference is being sponsored by National Technical Consultants and will be attended by the two Madison officials to obtain information that will assist the city in its consideration of a cable television system.

In addition the council received bids for providing parts and hardware for the burglar alarm system that is planned in connection with the television system. The

bids were referred to the cable television committee. Officials explained that bids for various phases of the cable television program are being called at this time to give the city an idea as to the cost of installing and operating such a system in combination with a new burglar alarm system for business locations.

The council Tuesday night also received and placed on file a state audit of its motor fuel tax account.

No action was taken on the 1980-81 city budget but the aldermen agreed to a special meeting at 7 p.m. Thursday, July 31, to conduct a public hearing on the budget, followed by council action.

## GC man joint operator of new business

A new auto body shop operated jointly by Butch Peterson of Granite City and Jerry Hall and Steve Chambliss of Collinsville, has opened at 120 W. Clay St., Collinsville.

The new business, known as the J.S.B. Auto Body, specializes in body refinishing, painting and restriping.

Peterson, who resides at 3243 Williams Ave., also is a salesman at Big 4 Chevrolet in Collinsville. Hall and Chambliss are both graduates of auto body courses at Collinsville High School.

## Order prison time, fine in child molesting case

James S. Coffman, 46, of the 700 block of Meadowlark Drive, Mitchell, was sentenced in Madison County Circuit Court Tuesday afternoon to serve four concurrent one-year terms in prison and to pay a \$4,000 fine as the result of Coffman's guilty pleas to three counts of contributing to the delinquency of a minor and one count of indecent solicitation of a minor.

Coffman had been charged with exposing himself to four young girls, ages 4 to 7 and asking two of them to touch him. Some of the incidents occurred in Coffman's garage, it was reported.

He pleaded guilty to the

four misdemeanor charges May 2. Associate Judge George Filcoff at 1 p.m. Tuesday ordered Coffman to serve 364 days in each of the four charges.

According to state statutes, the prison time will run concurrently, so he will only have to spend one year in prison, but the fine will total \$4,000, Judge Filcoff said.

He said in his sentencing report that among the considerations in ordering prison time was that Coffman's "behavior caused or threatened serious harm to the children involved." The judge also considered, "that the defendant had a history of prior criminal activity, and that a sentence is necessary in order to deter others from committing the same crime."

A presentence investigation report showing that Coffman had been convicted in connection with three previous exposure cases in Granite City also was considered, Judge Filcoff said.

The sentence also was recommended by the state's attorney's office, by Assistant State Attorney Randy Massey. "The state's attorney's office got exactly what it asked for. The recommendations were followed explicitly," Judge Filcoff said.

At Tuesday's sentencing hearing, witnesses included the mothers of the children who alleged Coffman exposed himself to them. The children were not present.

Coffman's wife also testified on the family's financial condition and her inability to work.

Statements in Coffman's behalf also were made by Defense Attorney William Beatty.

## Threaten GC girl in auto

Venice police are continuing to investigate an incident of aggravated assault involving three Granite City residents, which occurred early Monday on the McKinley Bridge.

Officers were called to the bridge toll plaza and met with a 24-year-old woman, her 15-year-old sister and a 28-year-old man, all from Granite City, who said they had accepted a ride across the bridge from the occupants of a green Ford.

In the vehicle were four black men, they said.

About half way across the bridge one of the men in the rear seat pulled out a knife, told the 15-year-old girl not to scream and said she wouldn't get hurt if she "was nice to him."

Although the girl told him she was only 15 and attempted to push him away, the man kept molesting her and put the point of the knife in the girl's stomach, the trio told police.

As the car neared the toll booth with the girl screaming, the vehicle halted momentarily and the Granite City man and his two companions jumped from the car before it sped from the scene, police learned.

The man with the knife was described as having a thick mustache and long sideburns. He was wearing cutoff jean shorts and a white towel around his neck. He was not wearing a shirt. The driver was thin with short hair and wearing a black tank top and the passenger next to him also had short hair and was without a shirt.

The fourth man wore a dark colored T-shirt, a white beach hat and dark pants.

## Charge cites former husband

Arthur F. Dames, 53, of 2621 W. 22nd St., was arrested at home and charged with battery at 1:10 a.m. Tuesday on a complaint signed by his former wife, Jane Dames of St. Louis.

Mrs. Dames said her former husband struck her in the chest while they were arguing over financial matters.

He was released from custody at 2:50 a.m. Tuesday upon paying a \$35 cash bond.

Open Mon.-Fri. 8 a.m.-8:30 p.m. — Saturday 8 a.m.-5 p.m. — Sunday 10 a.m.-4 p.m.

### Benefit talent show due soon

"Talent for MDA" is the title of the benefit Muscular Dystrophy Association show that will be presented at Madison Polish Hall, 826 Greenwood St., on Friday, Aug. 8. Curtain time will be at 7 p.m.

Deloris Hay, chairman, said, "We really have some top talent lined up, including Rus Bono and his Back Alley Band."

Tickets will be available at the door or in advance from some cast members; \$1 for adults, 50 cents for children under 12 and children under five free.

### Events continue at Madison County Fair

The annual 4-H livestock auction, a horse show, an arts and crafts festival and late model stock car racing will highlight the remaining three days of the Madison County Fair at Lindendale Park in Highland.

The fair opened Sunday and continues through Saturday night, July 26.

A free arts and crafts festival is taking place today and Friday in the air-conditioned ballroom from 2 p.m. to 9 p.m.

Various craftwork is being offered for sale and special

gifts will be awarded patrons at different times.

At 8 p.m. today, the men's demolition derby will be staged on the dirt track with general admission set at \$4 for adults and \$1 for children.

Thursday also is being observed as retarded children's day, Highland day and "Mayors' Night" at the fair.

The traditional 4-H livestock auction is scheduled at 6:30 p.m. Friday, followed by a light and western horse show at 7 p.m. General admission to the show is \$2 for adults and 75 cents for youngsters.

Late model stock cars will take to the dirt oval Saturday for racing action.

Time trials start at 7 p.m. and feature events at 8. Admission to the track is \$2.50 for adults and \$1 for children.

DANNY SINACORI

### Danny Sinacori guest speaker

Danny Sinacori, an ordained Assembly of God minister with pastoral background, will be ministering in song at Mitchell Assembly of God Church on Sunday, July 27, at 10:45 a.m.

The Rev. Sinacori has appeared on nationwide television including PTL and 700 Clubs. He has been privileged to work with such ministries as Kathryn Kuhlman, Mark Buntain and Big John Hall.

He has composed such songs as, "At Any Moment" and "It's a Great Day to Serve the Lord."

The congregation and Pastor A. W. Teal extend an invitation to the public to attend services at the church, 910 West Chain of Rocks Road.

### State stresses need for cooling devices

Governor James R. Thompson this week asked the Community Services Administration to provide funds for cooling devices for those in dire need during the summer heat, and additional support for local emergency efforts.

The governor said "a fan could be a lifesaving device" during the "unprecedented, severe and prolonged heat wave."

With temperatures in the upper 90s and lower 100s, accompanied by extremely high humidity during most of July, the National Weather Service has forecast more of the same, Thompson commented.

In a letter to Glenwood A. Johnson, regional director, Community Services Administration, Chicago, the governor said:

"Since July 1, the Illinois Department of Public Health has confirmed 32 heat-related deaths, with more suspected but as yet unconfirmed. As of July 16, there had been 946 Illinois residents who required hospitalization for heat exhaustion."

"Southern Illinois has been hit the hardest and the elderly have become the victims of relentless heat and humidity."

"State and local governments and private groups throughout Illinois have opened cooling centers for the elderly, and provided transportation to them. This effort has helped."

But, as in other states, we have found it difficult to entice the elderly into leaving their homes and going to a cooling center during the daytime heat.

"For whatever reasons, many elderly simply refuse to leave their homes even if they have no air-conditioning or fan."

"One mayor of a Southern Illinois city has personally pleaded with elderly residents to leave their

homes, and some still refuse. In these cases, which have unfortunately become too common, a fan could be a lifesaving device."

Funds from the Community Services Administration would be provided, if approved, through existing community action programs and other organizations.

Earlier, the governor asked Department on Aging offices throughout Illinois, along with nutrition sites and senior centers, to remain open as havens for elderly citizens during the daytime heat. The state's free elderly hotline also was expanded to 24-hour service (toll free 1-800-232-6565).

In addition, the Department of Public Health, Agriculture, Aging, and Commerce and Community Affairs continuously are monitoring and assessing the heat situation and are providing help and information.

### Women's Caucus to make fall plans

The Metro-East Women's Political Caucus will meet at 9:30 a.m. Saturday, July 26, at The Edwardsville Holiday Inn, Highway 157 near Interstate 270. A buffet breakfast will be served and the agenda will include plans for fund-raising, membership, candidate support, the fall schedule, and the state convention.

The Caucus is a multi-partisan national organization whose purpose is to encourage and promote participation by women at all levels of government and in all areas of the political process. All those interested in the group are being invited to attend the meeting. Reservations may be made by calling Sibyl Bellas of East Alton at 259-1176.

### Dial-A-Story series to open Friday at library

The Granite City Public Library will begin its Young Authors Series on Dial-A-Story Friday.

The stories in the Young Authors series were written by local grade school children for a statewide competition. After the competition, the stories were given to the library to be produced on Dial-A-Story.

Library personnel and local actors recorded the stories on three-minute tapes. These tapes can be heard by dialing 878-8316. Each story or combination of stories will run for one week.

The schedule is as follows:

July 25 - Aug. 1: "What Is Football?" by Patrick Kneeling, Wilson School grade 6.

July 26 - Aug. 2: "The Rabbit Named Hoppy," by Deanna Kosky, Niedringhaus grade 2.

July 27 - Aug. 3: "Speedy," by Brett Wickham, Niedringhaus School grade 2.

July 28 - Aug. 4: "What Are Colors?" by Shelly McDaniel, Wilson School grade 1.

July 29 - Aug. 5: "Summer," by Dawn DeVries, Logan School grade 3.

July 30 - Aug. 6: "My Dog," by Catherine Sanderling, Johnson School grade 2.

Aug. 1 - Aug. 7: "City of Skidde-doo," by Marcia Williams, Wilson School grade 6.

Aug. 2 - Aug. 8: "Smart Mouse," by Johnny Kay Passig, Logan School grade 3.

Aug. 3 - Aug. 9: "My Dog," by Brad O'Neill, Nameoki School grade 1.

Aug. 4 - Aug. 10: "My Friend Buddy," by Eric LaVelle, Mitchell School grade 5.

Aug. 5 - Aug. 11: "Martians," by Amy Brooks, Wilson School grade 4.

Aug. 6 - Aug. 12: "Disco Fish," by Jennifer Roderick, Niedringhaus School grade 5.

Aug. 7 - Aug. 13: "The Dog That Ate Boston," by Joey Weidman, Lake School grade 4.

Aug. 22 - Aug. 28: "Mira and the Secret Message," by Colleen Ryan, Parkway School grade 6.

Aug. 29 - Sept. 5: "I Need You Super Bubble," by Jody Crow, Johnson School grade 4.

Sept. 6 - Sept. 12: "The Sea Horse That Had Four Legs," by Michelle Jones, Niedringhaus School grade 5.

Sept. 13 - Sept. 19: "The Ghost Who Couldn't Scare," by Lisa Thompson, Marshall School grade 6.

### Stage play this week at SUE

"Arsenic and Old Lace" will be staged at Southern Illinois University at Edwardsville on July 23-26 in the Communications Building theater.

Directed by W. Craven Mackie, all performances of this Summer Show-Biz '80 production will begin at 8:15 p.m. Ticket information and reservations may be obtained by calling the University Ticket Office at 692-2220.

Cast members include Dan McGee of Granite City, playing "Mr. Gibbs."

### COVERAGE REVISED

The Prudential Property and Casualty Insurance Co. has begun offering Illinois residents new coverage designed to cope with increases in gold and silver prices and the pressures of inflation. Called Valuable Arsenic Coverage, the new program, offered as an option under the company's homeowner policies, increases the coverage limits on valuable possessions up to \$5,000. Under previous policies, covered losses from theft of jewelry, guns and furs were limited to \$500 and silverware to \$1,000.

## Win state twirling honors

Three girls and a youth from the Granite City area were among the top winners in the Illinois State Baton Twirling Championships held July 12 at Arlington Heights, Ill.

Jaclyn Greer, 15-year-old daughter of Mr. and Mrs. Jack Greer, won three first-place honors in the Illinois state fancy strut, military march and basic strut. Bridgette Box, 6-year-old

daughter of Mr. and Mrs. Larry Box, won first places in open solo twirl and open fancy strut; second place in modeling; and second place in state solo, state military march, state basic strut and state fancy strut.

She also placed fourth in the advanced state solo contest, entitling her to compete in the National Championships in Orlando, Fla., next May.

Zandra Yount, 12-year-old daughter of Mr. and Mrs. Ray A. Yount, captured first place in modeling and fourth place in state fancy strut. Ray Yount, 16, son of Mr. and Mrs. Yount, won first place in boy's open solo twirl and for the ninth year won a first place in the boy's

Illinois State Championships. He will compete Aug. 1 in the Boy's National Championships at Notre Dame University in South Bend, Ind.

All are students of the Sharold Yount School of Baton in Granite City. Mrs. Yount, who will sponsor a baton twirling contest here on Sept. 6, is serving as the 1980 chairman of the Granite City Junior Miss program.

The local area Junior Miss contest will take place Oct. 12 at Granite City High School South. Prospective contestants are invited to contact Mrs. Yount at 831-4742 for further information.

REV. L. W. BRINKER

### Former pastor to speak here

Louis W. Brinker, pastor of the First Baptist Church of Salem, Mo., will fill the pulpit of Grace Baptist Church, 2800 Edwards St., Thursday evening for the Summer Crusades which are being held during the month of July. The service will begin promptly at 7 p.m., according to Rev. Morris Anderson, host pastor.

Rev. Brinker is a former pastor of Grace Baptist Church, having served the church in this capacity from 1970 to 1973, at which time he accepted the pastorate of the Bellevue Baptist Church in Paducah, Ky. He only recently became pastor of the Salem, Mo., church.

The public is invited to attend this service, Rev. Anderson added.

### Owner recovers pool furniture

Nelson Hediger, owner of the Granite City Travelodge at 1200 Nineteenth St., told police last week, he had noticed several pieces of pool-patio furniture, which he believed was stolen from his motel, at an address in the 1700 block of Cleveland Boulevard.

Hediger said for the past month someone had been removing the furniture from the swim pool area.

Police talked to a resident in the 1700 block of Cleveland, who said she and two youths had got two patio arm chairs from the city dump and found the sun lounge in an alley near the Illinois Employment Service office.

The furniture, which was valued at \$140, was returned to Hediger. Two other chair lounges and an arm chair, valued at \$175, still are missing, he said.

Police are continuing to investigate the thefts.

### DIABETES IS TOPIC

Homemakers Extension Association leaders will give basic information about diabetes, its causes and controls for the Isabel Beyer Unit tonight at 7:30 at the home of Mabel Markell, 2633 Adams St., Granite City.

## Coping with summer heat

By CATHERINE MAUCK

Madison County Health Commissioner Catherine Mauck says, "It's hot. It's hot. It's hot. So let's think about staying healthy during hot weather."

Sweating is a common condition in the summer, helps regulate the body temperature. Almost all parts of the skin have sweat glands that excrete liquid — mostly water and a little salt — to the surface of the body.

The sweating rate for a person who is resting and not under stress is approximately one quart a day. Heavy work and high

temperature can increase this rate to as much as one gallon per four hours.

Ten to 12 grams (150-100 grains) of salt per day will be lost with the water. Both the water and salt loss must be made up promptly to maintain good health. (Salt intake should be determined by one's physician.)

Heat exhaustion, heat cramps and heat stroke are conditions anyone can experience during warm weather.

Heat exhaustion results from overexertion before the body is conditioned to high temperatures. Symptoms include pale skin, weak pulse, dizziness, profuse sweating, cool and moist skin, and shallow breathing. Body temperature is usually normal or slightly above normal.

Heat cramps result from excessive salt loss from the body. Heat cramps are characterized by cramping of either the skeletal or the abdominal muscles.

To prevent heat exhaustion — which can be fatal — and heat cramps, drink plenty of water, maintain salt level with a good diet, get plenty of rest, and stay as cool as possible. Take salt tablets to maintain the salt level only if your

doctor prescribes them.

Heat stroke — also known as sun stroke — is the most serious of all the heat-related conditions.

Heat stroke results when the body is unable to cool itself sufficiently. As a result, the body temperature rises and reaches a point where the heat-regulating mechanism breaks down completely and the body temperature rises quickly.

Heat strokes are more common among males than females and among elderly persons than the young. Heat strokes often occur when the humidity is high.

The symptoms are flushed, hot, dry skin; severe headache; no sweating; visual disturbance; rapid pulse; and loss of consciousness.

Since a heat stroke can be fatal, get medical help immediately. Quickly cool the victim to lower the body temperature.

Place the heat stroke victim in a tub partially filled with cool water and sponge the victim's body until the temperature is reduced.

You can also take the person to a cool, well ventilated room and wrap him in wet, cold sheets until the body temperature drops.

## New worry for soybean farmers

By RON CORNWELL

County Farm Adviser Mike Hardman, extension adviser in St. Clair County, reports that piles are appearing in soybeans in that area. Madison County farmers will want to watch their fields for that problem.

The dry conditions this summer are favorable for mite development. Check the edges of bean fields, since damage is usually most severe at the edges instead of the center.

The mites are eight-legged, insect-like animals that appear as tiny, black, slow moving specks. They make fine webbing on the underside of the leaves. The mites feed there, sucking moisture and nutrients from the plant.

Mite-infested plants are

### Emphasis on hiring elderly

Madeline Simpson, director of the Senior Citizens' Center, is sponsoring a program for Bellevue Area College, was among more than 125 directors representing Senior Aides projects from throughout the U.S. attending a five-day conference in Cincinnati, stressing advantages of hiring older workers.

She represented the Senior Aides project sponsored locally by Bellevue Area College, and was a key figure in discussions in which ideas were exchanged and planning was made for the future.

The Senior Aides program, funded under the Older Americans Act, is a nationwide senior citizen community service corps sponsored by the National Council on Senior Citizens for the U.S. Department of Labor.

It places thousands of older workers in community service employment. Unemployed persons, 55 years of age or older, with incomes at or below the poverty level are hired to work part-time at prevailing wages in useful pursuits at private and public non-profit agencies.

Barrows to be entered in Illinois Spring Barrow Show must be farrowed after Aug. 1, 1980. The pigs selected must be weighed and tattooed before they are 35 days of age.

Any Madison County pork producer interested in entering the spring show may contact the Madison County Extension Office and make arrangements.

## Couple to wed in October

Announcement is being made of the engagement of Miss Beth Ann Fetter, a daughter of Mr. and Mrs. Robert E. Fetter, 1715 Garfield Ave., and Richard Edward Gaudreault, 2014 Harris St., Madison, by the bride-elect's parents.

The groom-to-be is the son of Mr. and Mrs. Edward Gaudreault, 1716 Courtney Blvd.

Plans are being finalized by the engaged couple and their families for an Oct. 4 wedding to be solemnized at St. Mary's Roman Catholic Church in Madison.

Miss Fetter graduated in 1976 from South High School. Her fiancé is an employee of American Steel Foundries and was graduated in 1978 from North High School.

**TO WED.** Miss Beth Ann Fetter and Richard Edward Gaudreault who plan to be married on Oct. 4 at St. Mary's Catholic Church in Madison. Their engagement is announced by her parents, Mr. and Mrs. Robert E. Fetter, 1715 Garfield Ave.

## 70 members attend Anchorage meeting

The Rev. Leroy Filby gave the opening prayer at a meeting last week of Anchorage Senior Citizen Club attended by 70 members and guests.

They repeated the pledge to the flag union. Guests present were Sam Wolf, David Morgan, Anella Farmlay of Miami, a daughter of Mrs. Nan Stone, Paul McPherson, Wesley Williams and daughter Carmen and Virginia Rogers.

Mrs. Georgia Butler presided and accepted a report on members known to be ill. She also read a wedding invitation from Wesley Williams and Virginia Rogers who plan to be married on July 25 in a garden wedding at Wilson Park.

A gift of money from Anchorage residents and a check from the club were presented to the engaged couple.

Mrs. Jo Wilkinson extended appreciation to the club for cards and other acknowledgments on the recent loss of her husband, Charles Wilkinson.

The birthday flower bouquet was given to Beatrice Beck and it was noted that Charles Wilkinson had donated coffee for refreshments.

The next birthday and business session is set for day. Setu has yet another.

## Bible school at Gospel Mission

Daily vacation Bible school started last week at the Gospel Mission, 2014 E. 20th St., with all youngsters between the ages of 3 and 13 years invited to attend.

Classes will take place from 8:30 p.m. to 8:30 p.m. Monday through Friday for a two-week period, according to Mrs. Bethel J. Davis, mission superintendent.

The non-denominational mission is air conditioned, she said, adding that refreshments will be served each evening to the children.

A story hour, singing and Bible verses will be offered the participants under the direction of Mr. and Mrs. Curtis Champion, Mr. and Mrs. Benjamin Frost and Mr. Robert (Linda) French.

## ADOLPHUS ATTEND MUSIC INSTRUCTION

Director of Musical Activities Helen Ryan and her staff held a summer music school for Region Five Sweet Adelines at the University of Illinois, Champaign-Urbana. Theme for the weekend was "Harmony Retreat" and classes were held to teach vocal production, barbershop-style.

Representatives from the Collinsville chapter, 1980 regional champion, included: George Holzschner, chapter director; Eileen Wright, president; and chorus members Louise Blew, Pat Durer, June Farris, Nancy Fox, Jean Freeman, Amy Henninger, Dorothy Herrin, Judith Holzschner, Sybil Kelley, Jody Little, Kathy McCann, Maxine Rhymmer, Jean Schiller, Wanda Schiller, Evelyn Stark, Pat Walker and Cheryl Wessel.

## Penny Gendron to marry

Miss Penny Lee Gendron will become the bride of David Mark Prengel on Sept. 6 at Our Lord's Lutheran Church in Collinsville.

Their engagement is announced by the bride-to-be's parents, Mr. and Mrs. Paul Gendron, 2331 Zippel Ave.

Parents of the prospective groom, Mr. and Mrs. Fred W. Prengel, reside at 1713 Venice Ave.

Miss Gendron was graduated from South High School in 1978 and also attended Belleville Area College.

Her fiancé is a 1976 North High School graduate.

## Davis had insurance when his auto was in triple fatal crash

Arlin W. Davis, 50, of Holiday Mobile Home Park, showed a hearing officer in East St. Louis last week proof that he did have liability insurance when his auto struck the auto of the Lehman family of Granite City on State Ave. Route 35 New Year's Eve, killing Larry Lehman, 42, and his two daughters, Nicole, 5, and Stacy, 1.

Davis is charged with reckless homicide, driving while intoxicated and

driving on a permit which was not valid. He is expected to be tried in Madison County Circuit Court this September.

The hearing on the status of Davis' license was called because he allegedly failed to file an accident report with the state after the fatal crash. The report should have contained the statement that he had insurance and with which company.

At the hearing, Mrs.

Beverly Lehman, who survived the crash, but lost her husband and two daughters, wept as she testified against Davis. She was represented by Attorney John Papa of Granite City, who asked that the hearing be dismissed when Davis showed proof that he was insured through Farmers Insurance Group when the crash occurred.

His driving privileges would have been suspended for at least two years, if he had not had the required liability insurance. However, the secretary of state's office is quoted as having said Davis does not have driving privileges in Illinois, at this time.

Papa also said he plans to file a civil suit against Davis on Mrs. Lehman's behalf after criminal charges against him have been decided.

Davis was represented at the hearing by Attorney John Gitchoff, who practices in Granite City. Gitchoff said Mr. Davis' injuries from the accident have delayed his going to court.

## Sky art to depict Indian mounds, rivers, highways

A visual art form — skywriting — will be presented as a series of outdoor projects in this metropolitan area, the first one being held Sunday, July 20, at Interstate 270 and 44 if weather conditions are favorable.

Lella Daw, SIUE associate professor of art and design, will direct the sky art projects, supported by a Graduate Faculty Research Award at SIUE and the Contemporary Arts Society of the St. Louis Art Museum.

The skywriting will be "a series of diagrams that trace and become a part of the natural environment." As a printmaker, she said, she is concerned with duplication and relocation of images.

The idea for the sky work grew from her work in layering, mapping, diagramming and tracking information through changes.

"I wanted to do these things on an encompassing scale, to make the experience of the observer part of the work, and it came to me that the perfect way to do it would be skywriting."

A second aerial drawing, "River Artist," was performed immediately after the first over the Meramec River valley west of the intersection. She said the skywriting showed the river and its bluffs as it is today and as it will be thousands of years from now.

Other planned skywriting events are: Saturday, July 26, "Making the Invisible Visible." It will be seen over the junction of the Mississippi and Illinois Rivers near Pere Marquette State Park in Illinois and Portage des Sioux in Missouri between 1 and 2 p.m. The artist will design air currents rising from the rivers to draw themselves by disrupting parallel skywriting lines.

Saturday, Aug. 23, "Prehistoric River Channel," seen over the prehistoric Mississippi River bed between St. Louis and Horseshoe Lake here between 3 and 4 p.m. The artist will trace the prehistoric path of the river along the floodplain.

Sunday, Aug. 24, "Ancient City in the Sky." It will be seen over the Cahokia Mounds State Historic Site here between 3 and 4 p.m. The sky art will trace the mounds and structures of the ancient urban city.

Saturday, Aug. 30, "Bicycle-Airplane Path," seen over Forest Park in St. Louis between 3 and 4 p.m.

The artist will trace the bicycle path through the park.

Since skywriting as an art form depends on and includes weather, wind, water vapor, relative humidity and other natural forces, Lella Daw said the dates are necessarily target dates and times when conditions should be favorable.

If weather eliminates the target date, the project will be flown at the first time after the date when conditions are right.

A graduate of the Washington School of Art, she has exhibited widely, including in New York, Washington and the St. Louis area. A one-person show of her recent work will open Sept. 21 at the Timothy Burns Gallery in St. Louis. As an artist, she seriously began the skywriting project two years ago. "The potential has never been explored," she said. "It can make the entire natural environment into a temporal work of art, creating imaginary sky surfaces mirroring the land and tying the two together."

## Skating, movies now in Venice

The Venice Recreational program has expanded and now offers roller skating and movies.

The skating is being held on Mondays and Thursdays at the tennis court in Lee Park from 6 p.m. until 9 p.m. during the hot weather.

There is a \$1.50 fee for skating and people must furnish their own skates. The movies are shown on Fridays and Saturdays at 7 p.m. and 10 p.m., with a different program each night at the Venice Recreation Center.

Cost of the movies is \$2 for children under 12 years of age and \$3 for persons over 12.

According to Miss Evon Griggs, everyone is invited to the movies regardless of age.

Anyone wishing more information on the skating or movie program may contact Miss Griggs at 452-5377 or 451-9779.

Citizens who may want to contribute funds to assist with the new park programs may also contact Miss Griggs or Larry Boyd, Venice recreation director.

MRS. GARIN HOSTS  
CARD CLUB MEET

Mrs. Agnes Garin, 2837 Idaho Ave., entertained the Monday Afternoon Club in her home for noon luncheon and afternoon of games, this week.

Those winning prizes were Mesdames Margaret Richardson, Theresa Walkenback, Myrtle Bruns, Marie Perry and Leona Parante.

Also present were Marvel Clover and Grace Henrich who will entertain the group for its next meeting.

August programs of  
Parents Chapter 91

Parents Without Partners, Eastside Chapter 91 will open its August program schedule with a "grandparents day" on Sunday, Aug. 3, at the water slide on Route 157 as a family event, it was announced by Evelyn Stephens, president.

Those planning on participating in the event are to call the president at 797-0341 for reservations.

The general meeting is set for Aug. 4 at the VFW Hall, 1234 Vandalla Ave., Collinsville and will feature two speakers, John Ellsworth and Jim Andria, computer experts from Southern Illinois University at Edwardsville.

They will bring a computer to the meeting for demonstration on how it can be programmed for astrology, music and games.

Other activities include attending Cinderella at the Muncy Opera on Aug. 6; attending a Cardinal baseball game on Aug. 8; an afternoon party at 3 p.m. on Aug. 10 at home of Thelma Ussellon, 1906 Florence, Cahokia.

Volley ball game at Wilson Park at 7 p.m. Aug. 11 to be followed by refreshments and orientation at home of Norma Jackson, 2454 Delmar Ave.; trip to Muncy Opera on Aug. 13; adult activity meeting with Larry Heinrich, Aug. 14; attending Waltons in Belleville on Aug. 16.

Also a family activity at Six Flags on Aug. 17, and newsletter printing at home of Ella Mae Watts, 3148 Davis Ave. followed by a discussion on "Do I Think Positive?" led by moderator Jim M. Moore at 7 p.m.

**BRIDE-ELECT.** Miss Linda Marie Long whose parents, Mr. and Mrs. James W. Long, 608 Roosevelt Drive, Edwardsville, are announcing her engagement to Jack Alan Scarborough of Granite City. A Sept. 19 wedding is planned.

## Wells to observe 50th anniversary

Mr. and Mrs. Warren Wells, formerly of Granite City, will hold open house at their home near Kell, Ill., O. Smith Corp. plant here in Sunday, July 27, in observance of their 50th wedding anniversary. They are the parents of two children, Cleo of Granite City and LaVonne of Greenville, Ill. They have seven grandchildren and eight great-grandchildren.

## Linda Long is engaged

The engagement of Miss Linda Marie Long, 2510 Parkway Drive, and Jack Alan Scarborough, is being announced by the bride-to-be's parents, Mr. and Mrs. James W. Long, 608 Roosevelt Drive, Edwardsville.

Parents of the prospective groom are Mr. and Mrs. Jack B. Scarborough, 3229 Fehling Road.

Miss Long is a 1974 graduate of Edwardsville High School and she also attended Southern Illinois University at Edwardsville. She received a B.S. degree in biology medical technology from St. Elizabeth's Hospital School of Medical Technology, Belleville, in 1979, and is employed at St. Elizabeth Medical Center, here.

Her fiancé was graduated from Granite City High School in 1972 and from SIUE in 1976 with a B.S. degree in Business Administration. He is an employee of Granite City Steel as a maintenance planner.

Plans are being completed by the engaged couple for a Sept. 19 wedding to be solemnized at St. Boniface Catholic Church in Edwardsville.

**BETROTHED.** Miss Dawn Posey and her fiancé Thomas E. Harris of Madison, Wis., are announcing the engagement of the bride-elect's parents, Mr. and Mrs. N. S. Posey of Columbia, Ill. An October wedding is planned.

## Posey-Harris engagement

Mr. and Mrs. N. S. Posey of Columbia, Ill., announce the engagement of their daughter, Dawn to Thomas E. Harris of Madison, Wis. He is the son of Mrs. LeVern Harris and the late Sylvester Harris.

Miss Posey is a 1977 graduate of Columbia High School. She is presently employed by Washington University Medical School in St. Louis.

The groom-elect is a 1975 graduate of Madison High School and a 1980 graduate of the St. Louis College of Pharmacy. He is working at Reese Drug-Bellefonte in Granite City.

An October wedding is being planned.

## Parents group to hear social worker

John Niehsel, a social worker with the Coordinated Youth will be the guest speaker at the Aug. 27 general meeting of Parents Without Partners, Granite City Chapter 470, at 7:30 p.m. at St. John United Church of Christ, 2901 Nameoki Road.

His topic will be in conjunction with special help for youngsters and their families, according to the president, Mary Dyka. Mrs. Dyka, announces other programs and events of interest to the members and prospective members for the month of August includes:

A winner roast is planned for 3 p.m. on Friday, Aug. 8, at Horseshoe Lake Park as a family event and will also include orientation for new members and a discussion led by Max Schaeffer.

On Aug. 13 at 7:30 p.m., a board meeting will be conducted at Sandy Ferguson, 3 Tulip Court; a discussion session on the topic "After the Divorce then What?" at the home of Mrs. Dyka, 2123 Dawn Place at 7:30 p.m. Aug. 12; Sunday, Aug. 17 at 1 p.m. members will gather for a trip to the Planetarium in St. Louis and picnic in Forest Park. Cost will be \$1.50 for adults and \$1 for children.

Other discussion sessions are set for Aug. 21 at the home of Ethelene Amberger, 2656 Benton St., and on Aug. 28 with Judy Daniels, 2791 Iowa St., both to convene at 7:30 p.m.

For more information on chapter programs those interested are advised to contact membership chairman, Max Schaeffer at 431-8333 or 877-0688.

## Philip Kostecki marks birthday

Philip Joseph Kostecki, son of Mr. and Mrs. Joe Kostecki, 1017 Reynolds St., Madison, was honored on his first birthday with a family barbecue.

The buffet table was decorated in the theme of the happy birthday "Choo Choo" with a centerpiece matching the honoree's cake. Those attending were the honoree's three and one half year old sister, Cyndi, his grandmothers, Ustine Chris Kostecki and Georgia Wargin, his great-grandmother, Mrs. Evelyn Eaves, his godfathers, Larry Eaves and Rick Peck and his godmothers, Natalie Wilkinson.

Also present were Cathy Wilson, Joe Glush, Colleen Eaves and children, Kelly and Doug, Elizabeth Clark, Bob Wilkinson and sons, Derrick, Erick and Dustin, Nellie Peck and son Jeffrey and Linda McMurray.

A children's party was held later in the evening and after the guest of honor opened his gifts cake and ice cream was served by the hosts.

Guests at the latter event were Melanie and Danny Skoklo, Derek Guardolais, Rachel and Jacob Bathon, Laurie Kostecki, Mrs. Lynda Skoklo, Mrs. Sherry Guardolais, Mr. and Mrs. Fred Bathon, Mr. and Mrs. Jim Dittman and son, Mark and Timmy, Mr. and Mrs. Harry Wasylak.

**MRS. MARK SCHOOLFIELD**, the former Susan Dahmus, whose wedding was solemnized at St. John Lutheran Church. She is a daughter of Mr. and Mrs. Ted Dahmus, 3101 Willow Ave.

## Susan Dahmus becomes Mrs. Mark Schoolfield

St. John Lutheran Church was the scene of the wedding of Susan Dahmus, daughter of Mr. and Mrs. Ted Dahmus, 3101 Willow Ave., and Mark Schoolfield, son of Mr. and Mrs. Bobby Schoolfield, 2465 Waterman Ave.

The Rev. Samuel Boda officiated at a double ring candlelight ceremony at 8 o'clock in the evening before an altar adorned with bouquets of white silk flowers.

Organist Kathy Stacy accompanied Debbie Tice as she sang, "Sunrise, Sunset," "The Wedding Song," and "First Time Ever I Saw Your Face." Burning tapers illuminated the white carpeted aisle as the bride was escorted to the altar by her father.

She wore a full length white polyester over taffeta gown designed with a high lace collar and a wide ruffled lace flounce edging the sheer yoke, which was accented with tiny lace motifs.

Her long slim sleeves terminated at the wrists with lace flare cuffs and her semi full skirt was encircled with a lace ruffle which also created a chapel train.

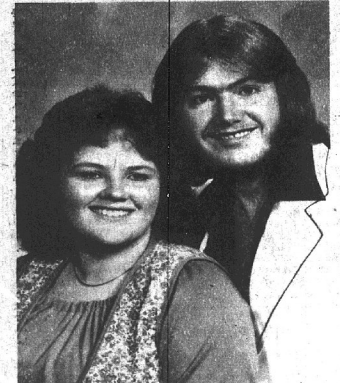

She wore a long veil of bridal illusion bordered with a lace trim and attached to a lace hairpiece.

Her bridal bouquet was an arrangement of white daisies, orange and rust carnations, yellow Sweetheart roses and baby's breath.

## Claypool-Dennis betrothal

Mr. and Mrs. James R. Dennis, 2704 West 20th St., are announcing the engagement of their daughter, Donna Lynn Dennis to Kevin Claypool. The prospective groom is the son of Mr. and Mrs. James R. Riestler, 1739 Chestnut St.

Miss Dennis attended

**ENGAGED.** Miss Donna Lynn Dennis and Kevin Keith Claypool, whose engagement and forthcoming marriage are being announced by the bride-elect's parents, Mr. and Mrs. James R. Dennis, 2704 West 20th St. A fall wedding is planned.

**KATHRYN HOPKINS**, fiancée of Gregory Neil Poore, whose betrothal is being announced. She is the daughter of Mr. and Mrs. Donald Harshbarger, 17 Lakeview Drive, and the late Thomas Hopkins. Wedding plans are indefinite at the present time.

## Miss Hopkins is betrothed

Announcement is being made of the engagement of High School North.

Miss Kathryn Diane Hopkins and Gregory Neil Poore. The bride-elect is the daughter of Mr. and Mrs. Donald Harshbarger, 17 Lakeview Drive, and the late Thomas Hopkins.

Parents of the prospective groom, Mr. and Mrs. Bruce Poore, reside at 8 Heidelberg Court, Manchester, Mo.

Miss Hopkins is a 1980

## Mary Thomas bride-to-be

Plans for a Nov. 15 wedding were disclosed with the engagement announcement of Miss Mary M. Thomas and Michael L. Hubbard, the bride-to-be's parents, Mr. and Mrs. Ezekiel Thomas, 2420 Honey Drive.

The wedding will be solemnized at St. John United Church of Christ, 2801 N. Main St.

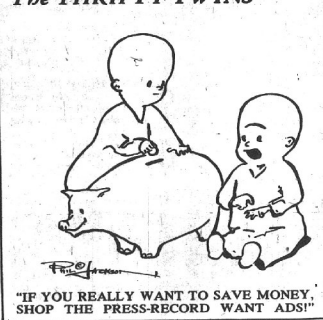

Parents of the groom-elect, Mr. and Mrs. Larry Hubbard, reside at 2523 Morrison Road.

Miss Thomas is a 1979

**TO MARRY.** Miss Mary M. Thomas and Michael L. Hubbard, whose engagement is announced by her parents, Mr. and Mrs. Ezekiel Thomas, 2420 Honey Drive. A Nov. 15 wedding is planned.

## The THRIFTY TWINS

"IF YOU REALLY WANT TO SAVE MONEY, SHOP THE PRESS-RECORD WANT ADS!"

## Patricia Vivian and Michael Awalt wed

Miss Patricia Kay Vivian of Florissant, Mo., became the bride of Michael John Awalt of Granite City on June 14 in a garden wedding held on the grounds of the historic Wiesse House in St. Ferdinand Park, Florissant.

The Rev. Jesse Pollmann officiated at the double ring service at 2 o'clock in the afternoon.

Vocalist JoAnn Bousie sang, "A Gift," "If," and "It's Good To Be Simple" preceding the ceremony.

The bride is the daughter of Mrs. Rose Vivian of Florissant and the late Karl E. Vivian. Parents of the groom are Mr. and Mrs. Edgar Awalt, 5104 Rapp Road.

For her wedding, the bride chose a long white cotton gown hand made in Mexico and fashioned with a sleeveless fitted bodice designed with an oval neckline accented with a deep spider web lace ruffle.

Her A-line style skirt was enhanced with a vertical self fabric trim. She held a bouquet of orchids, stephanotis and ivy.

Miss Jorja Aerne of Granite City attended the bride as maid of honor.

She wore an off white sheer over beige skirt length dress featuring a sleeveless bodice, V-neckline and flare skirt.

She held a single orchid with her left hand.

Reed Radke of Elgin, Ill., was the best man. Seating the guests were Daniel and Paul Vivian, brother of the bride, Steve Awalt, a cousin of the groom, and Stuart Rumpke of Pittsfield, Ill.

After the ceremony a reception was held on the grounds of the Wiesse House for 300 guests. A rehearsal dinner for the wedding party was hosted at The Dragon Inn, by the groom's parents.

The newlywed couple departed for a wedding trip

to New Orleans and are now residing in Murphysboro, Ill.

The bride received a B.S. degree as a speech pathologist from Southern Illinois University at Edwardsville and is employed as a coordinator of a nursing home in Murphysboro.

Her husband is an English teacher and drama coach at Chester High School. He earned a B.A. degree at the University of Illinois in English Education and a M.A. degree from SIUE.

Out of town guests included Miss Susan Awalt, Cincinnati, Ohio, David Danberg, Rockford, Ill., Mr. and Mrs. Stuart Rumpke, Pittsfield, Ill., and Tom Dargatz, Riverdale, Ill.

**MR. AND MRS. MICHAEL J. AWALT** who were united in marriage in a garden ceremony at the historic Wiesse House in Florissant, Mo. Formerly Patricia Kay Vivian, the bride is a daughter of Mrs. Rose Vivian of Florissant and the late Karl E. Vivian. The groom is of Granite City.

## Sarah Gouy marks 2nd year

Sarah Jane Elizabeth Gouy celebrated her second birthday at a party in Wilson Park, hosted by her parents, Mr. and Mrs. Jack L. Gouy, 2807 Myrtle Ave.

Guests were presented favors and ice cream, cake and soft drinks were served.

Among those attending were her grandparents, the Rev. and Mrs. Jack L. Gouy, and great-grandmother, Mrs. Nellie Sharp, all of Madison; and Curtis and LeAnn Noland, Lori and Donna Morgan, Charles Holt, Vince Freese, Jacob Gauen, Marshall and Dwayne Coleman and Leonard and Hoy Miller.

The honoree also is the granddaughter of Mr. and Mrs. Ernest Stevenson of Worden, Ill., and a great-granddaughter of Mrs. Gertrude Gouy of Beckmeyer, Ill.

**EXPERT APPRAISING MORRIS REALTY CO. 876-4400**

## Bethel hosts 'box social'

A "box social" at Wilson Park was a fund-raising event of Bethel 43, International Order of Job's Daughters and included members of the Bethel and James Stuart Chapter, Order of DeMolay and friends.

Members of Job's Daughters brought picnic baskets with enough food to serve two persons. The DeMolay members bid on the boxes and then ate lunch with the girl to whom the picnic basket belonged.

The auctioneer was Roy Laver. After the lunch, all participated in swimming at the Wilson Park pool. Following the closing of the pool, a volleyball game was played.

Those attending included Diane Kaltmeyer, Kristy Clinard, Dana Churovich, Susan Beasley, Sherry Hancock, Rodney Jackson, Sheri Ashall, Geoffrey Wofford, Kathy Brossman, Jennifer Benoit, Melissa Travis, Don Payne, Suzy Sandall, Jim Stuart, Jeff Linbaugh, Brad Busch, Alan Forbes, Fred Trebing, Melissa Dickerson, Sandy Sternberg, Val Dickerson, Ed Campbell, Jeannie Hol, Shawn Roe, Rich Kindle, Bruce Holt and John Langbein.

Adults present were Mrs. Rebecca Slat, Mrs. Sandra Laver, Mrs. Jane Ashall, Mrs. Fran Holt, Mrs. Martha Pragacz, Mrs. Willie Beasley, Charles Meyer and James Stuart.

## Sanitary district audit shows \$411,197 deficit

The Metro-East Sanitary District ended its last fiscal year Jan. 1 with a general fund deficit of \$411,197, according to an audit reviewed by the board of trustees in a meeting in Granite City Tuesday morning.

The audit, prepared by the Bert H. Allison and Company, listed total revenue of \$1,156,946 during the district's 1979 fiscal year which is the same as the calendar year. Disbursements during the period, the audit said, totaled \$1,568,144.

The audit was presented during the board's first regular meeting in its Granite City offices at 1801 Madison Ave., since the district's headquarters were moved here from Washington Park last week.

Most meetings were held previously in the Washington Park facility which the district is purchasing. A

Granite City board member, Walter "Shang" Greathouse, said the board expects to save several hundred dollars a month, mostly in utility bills, by bringing all of the activities into one office.

Audit statements studied by the trustees showed the district's income during the year included \$675,932 in 1979 real estate taxes, \$2,692 in 1978 mobile home taxes and an EPA grant of \$144,259.

Expenditures during the year included \$474,136 against an appropriation of \$232,100 for general maintenance work, \$738,371 for project costs, \$30,610 for administration costs and \$50,625 for engineering.

The audit statement said that there had been no inventory of fixed assets made in 1979, and that this should be corrected and not be permitted to happen again.

"We feel that without this (inventory) procedure,

there is a definite weakness in the internal control of the district," the report said.

The board has the responsibility to safeguard the assets of the district, and without an inventory there is no way of knowing whether all the fixed assets can be accounted for," it added.

## Convention fund-raiser

With the approval of the Madison and St. Clair counties Democratic central committees, a convention fund-raiser will be held from 6 to 8 p.m. Monday, July 28, at Charlie's Restaurant, Namecki Road and Madison Avenue, Granite City.

Hors d'oeuvres and band music are planned at the social gathering. Tickets are \$20 per person and are available both in advance and at the door on the night of the event.

Funds raised will help finance the travel and costs of the 23rd Congressional District's dozen representatives at the Aug. 11-15 Democratic national convention in New York City (seven delegates, two delegates-at-large and three alternates).

Mayor Paul Schuler of Granite City will attend as a member of the national Democratic committee.

## Shooting victim undergoes surgery

Paul "Skyhorse" Johnson, 35, of Madison, suffered a gunshot wound to the left side of his abdomen during a disturbance in the front yard at 6 Kaseberg Park, Ponton Beach, about 12:30 a.m. Wednesday and remains in the intensive care unit of St. Elizabeth Medical Center today, following surgery.

Authorities said he was shot with a .42 caliber handgun. A suspect in the shooting is being sought by Ponton Beach officers. The resident of Kaseberg Park, however, is not the suspect.

Investigators said they have been unable to talk to Johnson since the shooting, but have determined from witnesses that Johnson formerly resided at 6 Kaseberg Park, having

moved away within the last two weeks.

It is believed he returned to claim some of his belongings and had a discussion with a man in the front yard who was visiting at the house. One shot was fired and the man, Johnson, was then seen scuffling. A second shot followed and Johnson slumped to the ground, authorities were told.

The gunman and another man left the scene in a 1978 Ford LTD, allegedly with the gun, and possibly a knife, in the car.

Investigators have been unable to determine a reason for the shooting. The bullet was removed from Johnson during surgery yesterday and officers hope to talk to him today.

William J. Popovic, M.D. announces the opening of his office at Community Medical Arts Building

2120 Madison Ave. Suite 206  
Granite City, Illinois

Practice limited to Hematology and Medical Oncology (treatment of cancer and blood disease)

For appointment call 452-0259

## Registration requirements at South high

Students new to the school district who plan to attend Granite City High School next year should stop at the office soon to sign a release which will allow officials to have the academic records transferred from their former schools.

Registration of new students for South will be held Aug. 30, 31 and 22 at the school.

Students who attended school in the Granite City district last year are already registered and will not be required to register before the opening of school, officials said.

## Pay, benefits set for administrators

Granite City School Board members voted until midnight Tuesday night to set 1980-81 salaries for school administrators, and voted to provide \$10,000 of life insurance for each of the administrators.

A new vacation schedule for administrators employed on a 12-month basis provides three weeks for those with one to four years of service; four weeks, 5-9 years; and five weeks, 10 years or more. The previous vacations were: 1-4 years, two weeks; 5-9 years, three weeks; and 10 or more years, four weeks.

Principals and administrators receive the same fringe benefits provided for the certificated (teaching) staff.

Base salaries were set at \$41,343 for B. J. Davis, superintendent; \$36,482 for Frank L. Kraus, assistant superintendent; and \$33,978 for Dale C. Rea, assistant to the superintendent.

Davis receives \$1,000 for travel within the school district and Kraus receives \$750 a year for in-district travel expenses. Pension

contributions by the school district in addition to base pay total \$2,894 for Davis, \$2,553 for Kraus and \$2,378 for Rea.

James L. Dumont, principal of Granite City High School South, and Gilbert V. Walmsley, principal of Granite City High School North, each will receive base yearly pay of \$32,686; Thomas G. Noeth, administrative assistant for pupil personnel services, \$31,434; and Kenneth E. Spalding, assistant South principal, \$29,417. Their pension allocations range from \$2,288 to \$2,359.

Harold E. Hillmer, employee relations administrator, will receive \$27,749; Ronald F. Landman, maintenance supervisor, \$27,000; and Orval L. Overhiser, director of cafeterias, \$23,200.

Elementary principals' base pay is \$26,456 for Alfred J. Wilson of Emerson, W. Richard Brinkhoff of Johnson, Edward G. Goss of Lincoln, and Theodore L. Vrenick of Flynntown, Mrs. Agnes P. Fryszak of Parkview and Gary L. Froehde of Froehde. Principal Arthur E. Menendez of Mitchell School will receive \$26,223. Pension contributions by the district for the 11 will range from \$1,851 to \$1,864.

The three junior high school principals, Michael Sikora of Coolidge, Calvin L. Artels of Prather and Charles H. Weiss of Grigsby, each will receive \$27,908, with \$1,957 pension allocations.

Joseph S. Fedora, administrative assistant for physical education and athletics, will be paid \$27,162; Gordon L. Galbreath, Coolidge assistant principal, \$25,851; Mrs. Ruth D. Labadie, director of the Pre-School Center, \$25,641; Miss Leigh Heller, physical education coordinator, \$24,904; and Monte L. Kessler, data processing programmer, \$24,182.

Pension payments will range from \$1,800 to \$1,892.

Salary figures based on Tuesday night's decisions are still being calculated by the office staff of two principals, six assistant principals and two administrators, Supt. Davis said.

## Wrong slag blamed for deterioration of Maryville Road

Serious deterioration of at least three of the newer sections of Maryville Road has started a flood of paperwork between the city, the county and contractors for the road, most of it asking, "What went wrong?" The Press-Record has learned.

Granite City's traffic engineer, Ed Schulze, has concluded that the wrong type of slag was used in several batches of the concrete mix when the street was paved several years ago.

"I don't know how this foreign matter got into the concrete. It certainly was not in all the batches and only three major areas of about 100 yards or so long are affected, all the north-bound lanes," Schulze said.

"The foreign material is a slag material, but not blast furnace slag, which was approved for the mix. The other slag snuck in somehow, periodically, during the mixing of the concrete," he added.

The type of slag used expands over a period of time, when moist, Schulze predicted that areas not showing signs of deterioration are not likely to, since all of the sections

with the wrong type of slag should have begun deteriorating, he said.

However, areas now showing signs of deterioration can be expected to get worse, until they are replaced or repaired, the traffic engineer noted.

Asked how and when the deficiencies will be corrected, Schulze said, "I don't believe anyone is talking about solutions yet."

"The city certainly is not responsible, because we had no input in the design of the concrete mix, no part in inspecting the laydown. The only portion we had of the project was financial obligation and some early design opinions," Schulze concluded.

Some of the problems in Maryville Road, which the city may be responsible for repairing, are where intensive heat last week caused "blowups" from the concrete expanding beyond the abutment of the expansion joints to keep intense pressures from cracking the concrete.

Similar blowups occurred on other roads, including Route 3, West Ponton Road, and several others, Schulze said.

## News notes

National Taxpayers United of Illinois has called a tax cut meeting for the Collinsville Holiday Inn at 7:30 p.m. Wednesday, July 30.

Starting Aug. 25, intervals between McKinley Bridge weekday midday and Saturday buses will expand from 25 to 30 minutes, and all midday and Saturday trips will be extended to Ponton Beach.

Mississippi River channel conditions between here and Cairo, Ill., have deteriorated in many areas due to reduced flow. The channel is being reworked to indicate the best available route, but the width may be reduced to less than 300 feet in some areas to assure nine-foot depth.

The new Miss Illinois is Blythe Sawyer, 22, of Naperville. Formerly Miss Chicago, she will compete in the Miss America pageant in September.

Consumer prices rose 1 percent in June 1980 from annual rate, after rising 0.9 percent in April and May.

Southern Illinois Republicans have chosen Thomas M. Welch, 41, of Collinsville, to run for appellate judge Nov. 4 if the state election board can be persuaded to list him on the ballot.

Over \$300 in direct state payments to a travel agency owned by Senator Dan Dixon were illegal, Illinois Auditor General Robert Cronson alleges in a letter to a legislative committee. Airline tickets were sold to airport, law enforcement and vocational rehabilitation officials. Dixon this month repaid the state \$51 as his personal profit on the sales.

U. S. Senate nominees Alan Dixon and Dave O'Neal have raised campaign funds of \$237,942 and \$158,963, respectively, and O'Neal is getting \$219,110 from the Illinois State Republican campaign committee.

## Treat fireman at hospital

A fire at 11:07 p.m. Wednesday, gutted a frame house owned by Cora Smith at 2097 Sixth St., Madison.

Madison firemen repaired at the scene three firemen and one fireman, Robert Bosworth, 24, was taken to St. Elizabeth Medical Center for treatment of injuries caused by the heat and smoke. He was treated for smoke inhalation, possible toxic fumes and was admitted to the intensive care unit. He was reported in good condition today.

At 4:35 p.m. Monday, Madison firemen responded to a fire at a vacant dwelling at 605 Webster St., and on the previous night at 2109 Alton Ave. The latter structure had burned three times previously and only the firemen now remain, a fire department spokesman advised.

## GC Park rip to state fair

The Granite City Park District is planning a trip to the opening day of the Illinois State Fair in Springfield, Thursday, Aug. 7.

The bus will leave the Wilson Park rink at 7:30 a.m. and return about 7:30 p.m.

Cost of the trip will be \$13.50 per person for round-trip bus transportation, plus a \$1.50 entry fee to the fairgrounds.

Reservations are now being accepted at the Wilson Park office, with deadline set for Monday, Aug. 4.

Opening day at the fair will feature a parade from downtown Springfield to the fairgrounds, a ribbon cutting ceremony, cheerleading contests, quarter horse finals, log rolling, tractor pulling and art exhibits.

## \$311,120 special education budget

The Granite City Board of Education on Tuesday night tentatively adopted a \$311,120 budget for the Quad-City special education district (Madison County Region I).

Granite City schools serve as the administrative district for the special education joint agreement program, which also serves students of the Madison and Venice school systems.

Final action on the budget is planned following a public hearing at 7:30 p.m. Tuesday, Aug. 26, at the Granite City school board office, 20th and Adams streets.

Covering the July 1980-June 1981 fiscal year, the budget will be on public display starting tomorrow.

The \$311,120 tentative total is \$41,414 more than was allocated for a special education year ago, when \$269,706 was included in the Granite City district's budget.

The special education program budget is being added upon as a separate appropriation starting this year, in accordance with a new state law. Costs of the instructional program are divided among the three local school districts based on their size.

As recommended by the special education board, the Granite City board appropriated \$70,210 for administrative (\$44,229 a year ago), \$60,660 for instruction (\$193,317), \$4,500 for operations (\$6,750), \$500 for maintenance (same), \$24,700 for fixed charges (\$22,000), \$5,000 for contingencies (same) and \$1,000 capital

outlay for equipment (same).

Factors in the proposed \$25,971 administrative increase are additions of \$9,200 for a bookkeeper, \$3,000 for project evaluation, \$3,000 for computer service, \$1,000 for a bookkeeper, \$1,000 for medical diagnosis, \$1,000 for office supplies and \$700 for workshops. The allocation for office supplies and photocopies is being raised from \$2,000 to \$4,000 and the provision for an auditing contract is being reduced from \$3,000 to \$2,000.

The \$12,443 added for instructional includes a \$7,323 increase in the allocation for psychologists, from \$5,323 to \$6,646, and a \$3,000 increase in the allocation for a Special Educator I program is being trimmed from \$15,840 to \$12,840.

\$2,700 rise in fixed charges includes \$2,500 more for retirement fund contribution and \$200 for the allocation for the Township Building.

Larry Dew is director of Region I.

Stucke of the Granite City board, Paul Bargiel of the Madison board, Jack Dymos of the Venice board and Superintendents B. J. Davis (GC), John Palchett (Madison) and Robert V. Stucke (Venice), Stucke is chairman of the special education board.

## Investigator barred from meeting with school board

Madison School Board members hoped to meet last night with the auditors checking the school district's attendance books, but the meeting was cancelled when the auditor was instructed by his office not to attend.

The school district is under investigation by the Illinois State Police, Division of Criminal Investigation (DCI), which is auditing the attendance records to determine whether the district has collected more state aid than entitled to by inflating attendance totals, according to official sources.

That investigation is drawing to a close.

School Board President Sam Dymos said this morning that he called for last night's meeting to be for board members only, no administrators, so the board members could ask one of the auditors about the purpose and the progress of the audit.

It was to be an informative thing, for us to

kick things around. We have been wondering what was going on about the audits," Dymos told the Press-Record.

"We don't want to look like a bunch of fools when people talk to us about this, because the board members have no idea what is going on. We want to get this cleared up as soon as possible," he added.

Dymos said the board also had some personnel matters to discuss. The meeting was cancelled, however, when the auditor said he was prohibited from attending.

Revised Grimming, supervisor of the fraud and forgery unit of the DCI, said this morning that it was the auditor's office of his office and of the Madison County state's attorney's office that the auditor would not meet with the school board until the investigation is completed. "We do not feel it is proper to meet with them until we reach a determination whether this is a criminal case," Grimming said.

It was to be an informative thing, for us to

## Rites held for Dennis Jamison

Funeral services were held at 9 a.m. today, July 24, from St. Joseph Catholic Church for Dennis Jamison, 28, of 1938 Benton St.

Mr. Jamison, a drowning victim at Carlyle Lake, Ill., was pronounced dead at the scene at 7:45 p.m. Sunday, July 20.

Survivors include a daughter; his parents; eight brothers; two sisters; and a grandmother, Mrs. Margaret Guther of St. Louis.

Burial was in Memorial Park in St. Louis.

## Rites held for Mabel Casey

Funeral services were held at 1 p.m. Tuesday, July 22, at Mercer Mortuary, 1416 North Main Ave., for Mrs. Mabel E. (Nicholson) Casey, 70, of 2035A Dewey Ave.

She died at 10:30 p.m. Saturday, July 19, at her home.

A 35-year resident of Granite City, Mrs. Casey was born in Marion, Ill.

Her husband, Euler E. Casey, died in 1970.

Survivors include a son; one daughter; one brother; four sisters including Mrs. Thelma Harris of Granite City; eight grandchildren; six great-grandchildren; and three step-grandchildren.

Burial was in St. John Cemetery, 2901 Namecki Road.

## Local unit of Cancer Society to be formed

A meeting to organize a community-based Quad-City unit of the American Cancer Society will be held at 7:30 p.m. today at St. Elizabeth Medical Center.

Plans to establish a local unit are under way to better serve this area because of the large population in the Quad-City area. According to Joe Lucido, acting unit board chairman, Lucido said the new unit will serve Granite City, Venice, Madison and Ponton Beach.

AIR CONDITIONER After a Gary, Ind., truck driver saw three men trying to steal the Astro Division office of Helms Express Co., 1500 Market St., Venice, at 10:30 p.m. Wednesday, police were notified and found an air conditioner had been stolen from the firm.

## Nurse Guild to host concert

The Leona Daigert Nurses Guild of Bethel AME Church will host special programs Sunday at the church, 1035 Market St., Venice, beginning with the first service at 10:30 a.m.

Guest speaker, Joyce Crawford will speak on heat exhaustion and ways to combat the problem at the morning session and at 4 p.m. the North Venice and West Madison Community Chorus will be in concert under the direction of Louise Kimerson.

Lolita Jenkins is president of the group and the Rev. Jimmy L. Hooks, is the church pastor.

## Troop attends Camp Sunnen

Boy Scouts of Troop 5, sponsored by Natco, attended a week at Camp Sunnen, Potomac, Md., last week.

While at camp the scouts worked on merit badges, all awards, some took part in the mile swim and some earned the lifeguard B.S.A. award. They also attended the outpost, toured the mud cave, took part in the flag ceremonies and a float trip. They were present for the Order of the Arrow lap out ceremony and several other camp fires.

Scouts attending were David Milbap, John Shane, Mark McClew, Jim Patton, Kip Simpson, Ray Takemian, Rick Hill, Eric Wofford, Tom Keelin, Mike Dawson, John Michaels, Jeff Criley, David Painter, John Hagins, Greg Talley, David Leno, Joe Baasrich, Mike Schuetz, David Kalmayer, Michael Mainer, Brian Forbes, John Jarvis, Pat Breese, Eric Wilson, Bob McClew, Jim Small, Ford Frazer, Bruce Holt.

Adults attending as leaders were Ralph Wilson, Bob Moske, Charles Shane, Max Forbes, Dan Milbap. The troop is planning a high adventure in August to Camp Energy at Kentucky Lake, according to the leaders.

## APPRAISAL AND FINANCE CLASSES

The Real Estate Education Co. will begin two broker pre-licensing classes during August. The classes, appraisal and financing, will be held at the Collinsville Howard Johnson's, 1st and I-55.

Appraisal will meet 6-8 p.m. Thursdays, Aug. 7-Sept. 2. Financing will meet 8-10 p.m. Thursdays, Aug. 7-Oct. 2.

## Pontoon Beach & Stallings

MRS. LUCILLE MARTIN  
4010 Breckenridge Lane  
931-0731

Mrs. Ada Frey of Pontoon Plaza has returned from Rockport, Maine, where she was the guest of her daughter and son-in-law, Dottie and Dick Schmiedegle and sons, Brandon, Todd and Chris. The latter two came home with their grandmother to spend the rest of the summer.

ANDRES REUNION  
Tim Lyons, Wayne Lyons, Chester and M. Kay Anderson of Breckenridge Lane, Shirley, Richie, Julia Ann and Jeremy Jasudowicz, Tom and Marie Conway, Charlie and Marie Scott, Maurice and Betty Hogue, Tracy, Lisa and Pam Hogue, Charlie Maas, Chris Andersen, Rhonda and Crystal Andersen, Larry Andersen and Peggy Badgett attended a family reunion Saturday at the home of Leona Williams and Rose Brake in Pocahontas, Ill.

Miss Wendy Briner has returned to her home in Camden, Ark., after visiting her grandparents, Mr. and Mrs. Roy Smith of Lake Drive. She is a daughter of the former Alice Smith.

## BIRTHDAY NOTED AT WHITT PICNIC

The Whitt family honored its father, W. C. Whitt, with a picnic at Wilson Park on Sunday, marking his 76th birthday.

Attending were his wife, Margaret Whitt, and Donna and Ron Asher of Odessa, Texas; Richard and Larry Whitt of Denver, Colo.; Norma and Verlin Rodgers of Sullivan, Mo., and Edna, Shawn and Shane, Joe Lee of Kirkwood, Jay, Judy and Monte Whitt of Edwardsville, Ronnie, Susie, Josh and Zachary Whitt of Collinsville.

Bobby, Shirley, Andrea and Kirby Whitt of Jerseyville, Margaret Mayes of Granite City, Sherrie and Jim Morrissey of Florissant, Mo., Dennis, Susie, Jason and Amber Mayes, Cindy and Larry Mayes, and Betty and Gene Futch of Mitchell.

Mrs. Emily Fife and daughters, Patricia, Gretchen and Carol, returned from a three-week visit with her parents, L. G. and Evelyn Glass, in Lawrenceburg, Tenn.

## Reunion in Little Rock

Local members of the Shackelford family have returned from Little Rock, Ark., where their first family reunion concluded this week.

About 125 family members gathered for the three-day reunion, which included an evening dinner party, a picnic and attendance at church services.

The oldest family member attending was 85-year-old C. W. Shackelford of Little Rock, the brother of Walter Shackelford Sr., and Mrs. Irene Vernon, both of Madison, who were among those taking part from here.

Due to the success of the first reunion, plans were made to hold a get-together next summer in Michigan.

## Mrs. Meadows re-elected

Mrs. Eva Meadows was re-elected president of the Granite City Art Guild at its July meeting conducted at Central Christian Church, last week.

During the session members submitted art works in competition for the evening and Mrs. Nellie Dierker and Mrs. Vera Jagelski tied for the first place honors with Mrs. Meadows awarded second place.

The program for the evening was a slide presentation given by Mrs. Dierker showing prize winning paintings of Illinois artists including scenes and landscapes and also workshops held in Southern Illinois.

Mrs. Meadows announced the organization meets on the third Tuesday of the month at 7:30 p.m., at Central Christian Church, 3020 Johnson Road. New members are welcome to attend and for more information they are advised to contact the president at 878-8805.

25TH ANNIVERSARY. Mr. and Mrs. William (Darlene) Daigert, 1629 Venice Ave., who are celebrating their silver wedding anniversary. An open house and luncheon marked the occasion.

## Wm. Daigert observe 25th

In addition to their immediate family, other guests at the open house were Mrs. Alice Nunn, Mrs. Dora Marks, Mrs. Alice Worthen, Mrs. Rosemary Moran, Mr. and Mrs. Kelly Valencia.

Mr. and Mrs. Phil King and Michael and Kami, Mr. and Mrs. Steve Lathrop, Mr. and Mrs. Joe Carr, Mrs. Cindy Marshall and Joey, Billy and Charmine, Mr. and Mrs. Tom Meador and Mr. and Mrs. Larry Moran and Shaun.

The Daigerts have two daughters, Debbie and Darla, and a granddaughter, Michelle.

## Local men receive Fellowship Degree

Two Granite City men who are members of the Loyal Order of Moose, Lodge 272, received Fellowship Degree at the International convention held in Chicago.

Charles Westbrook, 2156 Adams St., and Robert Thebeau, 2227 Delmar Ave., were among the 454 Legion of Moose members who received the third degree of the Loyal Order of the Moose.

Pilgrimage Governor Jay Stohr and his court presented the honors at a breakfast during the convention sessions.

Stohr addressed the men were

accorded the special recognition for outstanding service to the organization and as chairmen of projects, officers in their respective lodge, enrolling members and were especially noted for the active role in lodge programs.

All the men are members of the Southern Illinois Legion of the Moose 101 and are a select group added to the membership of Fellowship Degree recipients.

Granite City Lodge 272 now has 22 members who hold the honor, it was announced.

## Six-Mile Society hears speech by John Hauck

The meeting of the Six Mile Prairie Society, Children of the American Revolution was held at the home of President, Eric Wilson, 117 Riviera Drive, last week. The invocation was given by David Wilson, chaplain. Susan Selinger, vice-president, led the pledge of allegiance.

The American's Creed was led by Historian Connie Walton of Shipman, Ill., and Stacey Walton, librarian, led the C.A.R. Creed.

In the absence of the secretary, the Senior Recording Secretary Mrs. Ronald Mardhorst of Belleville read the minutes. Elizabeth Wilson, registrar, presented the names of six new members and two transfer members.

Special guest was John Hauck, Shelbyville, C.R. State President, who told about the state society's project to plant new gardens at the sight of Lincoln's Tomb in Springfield. Voices are being sold to obtain funds for this project. Two prizes, a history encyclopedia set and an Illinois C.A.R. Afghan will be awarded at the next State Conference, March 14, 1981, it was noted.

A conservation program concerning the use and misuse of our rivers in a film, "River Must Live" from the Shell Film Library, was presented by Mrs. William Walton, senior historian and librarian.

A short discussion regarding future meetings

and projects for this year was held prior to adjournment. David Wilson gave the benediction. Refreshments were served by the host family, Mr. and Mrs. Ralph A. Wilson.

Others in attendance were Mrs. Mary Candler, Shipman, and Robby Mordhorst. Anyone desiring information regarding membership in C.A.R. for their children (ages birth through 21) are urged to contact Mrs. Ralph Wilson.

## LUTZ ELECTED BY MIDWESTERN GROUP

Harry Lutz, director of Auxiliary Services at SIUE, has been elected vice-president of the Central Association of College Auxiliary Services. He was chosen at the annual meeting of the association, which has members at 200 colleges in 12 Midwestern states.

The meeting was held at Northern Michigan University in Marquette. Lutz formerly served as a member of the board and as secretary and treasurer of the association. He has been a member of the SIUE staff since 1959 and was named director of Auxiliary Services in 1971.

## Disturbance at Kirkpatrick

Robert Wayne Stout, 17, of 1503 Kirkpatrick Homes, has been charged with disorderly conduct and battery in

## Balloon from here found in Indiana

A helium-filled balloon bearing the name of the Granite City (Trust) Bank, released here early this month, was found on a farm two miles south of Charlestown, Ind., according to a letter received by bank officials.

The letter was received from Louis Spriestersbach who remarked, "It would be nice if next time you would send a sample of the commodity you deal in tied to the balloon." He said his farm is located two miles south of Charlestown, Ind., and 12 miles north of Louisville, Ky. A bank officer said the balloon, which was enclosed with the letter, was one of 2,000 given away by the bank at the July 4 festival at Wilson Park here.

## Dismiss MEGSI drug charges

Associate Judge P.J. O'Neill has dismissed a charge of delivery of cannabis against Shane Kline, 17, of 22 Bradley Ave. Judge O'Neill ruled there was no probable cause for the charge to be filed.

Cline was among five persons arrested in a series of drug arrests conducted by the Metropolitan Enforcement Group of Southwestern Illinois (MEGSI) in April.

## Alleges threats, youth charged

A 16-year-old boy of the Kirkpatrick Homes area was arrested last week after he allegedly went twice to the home of Rosemarie Moad, 2752 Myrtle Ave., and threatened her and her children, used obscene language and demanded her 13-year-old son come out and fight him.

He was charged with disorderly conduct and released to his mother on notice to appear.

The problems began Wednesday when Janet Sue Johnson, 29, of Kirkpatrick Homes, allegedly went to the home of Judy Pickle, 1403 Kirkpatrick Homes, and accused Mrs. Pickle of colluding the police about her in an earlier disturbance.

A boy with Mrs. Johnson allegedly handed her a knife, but Mrs. Pickle pushed her from the porch and struck her with a plastic gun, Mrs. Pickle told police.

The woman left, but a short time later, Stout allegedly came to Mrs. Pickle's door and threatened her, she said. When police arrived, Stout and Mrs. Johnson allegedly said they were going to harm Mrs. Pickle. They were charged with disorderly conduct and were released on \$35 cash bond each.

About six hours later, Mrs. Pickle reported that she, her son and a neighbor were sitting in front of Mrs. Pickle's apartment when Stout and a 16-year-old boy rode past on bicycles and Stout allegedly made a threatening gesture. Moments later, someone threw a broken piece of glass at them, striking her son's foot, and Stout ran away. Her son, 16, suffered a minor cut to his right foot, officers noted.

A warrant alleging battery was prepared and officers were told to look for Stout. About 30 minutes later, Ida Butkus, Laddie Butkus and Dennis Miller of 3907 Kirkpatrick Homes, alleged a 16-year-old drove past them on a bicycle, came in their yard, refused to leave and yelled obscenities at the three.

He allegedly threatened to run Miller's head through a utility pole before he left on his bicycle. Juvenile authorities are searching for the boy.

About 90 minutes later, Mrs. Pickle reported a wooden block had been thrown through the front window of her apartment, an act apparently unrelated to the problems at 3907 Kirkpatrick Homes.

Stout was located by police Thursday and was arrested on the battery warrant from the incident at Mrs. Pickle's house in which her son's foot was cut, according to police records.

## Assessment multiplier of one for this county

Miss Evelyn M. Bowles, Madison County clerk, announced this week that the Illinois Revenue Department's Property Tax Administration Bureau has certified a "one multiplier" (no multiplier) for this county.

The percent to be added for the past year, 1979 (collection in 1980) to the assessed valuations of locally assessed property as finalized by the Board of Review is 0.00 percent, due to the application of a multiplier of 1.0000.

"Application of this multiplier will provide the equalized assessed value of all locally assessed property other than property assessed under Section 202 of the state property tax law, to be used for all purposes prescribed by the Constitution and statutes of Illinois," Miss Bowles noted. To aid in avoiding a

countywide assessment multiplier, the county's Board of Review on May 23 ordered a negative multiplier of .8813 for Chouteau Township, and multipliers of 1.1589 for Nameoki Township, 1.1581 for Granite City and 1.1294 for Venice Township (Madison-Venice area).

Miss Bowles said, the 1979 assessments for Madison County show a total valuation of \$1,088,071,948, with a decrease of \$138,783,736 due to elimination of the personal property tax. The corporate personal tax has been replaced through a change in the state income tax formula.

The new breakdown of assessments shows an increase of \$40,616,215 in lands and an increase of \$51,982,960 in lots. Locally-assessed railroad property increased \$52,320.

Assessments made by the Illinois Department of Local Government Affairs and certified to the county clerk totaled \$3,263,366 on railroad valuations, a decrease of \$5,020,546.

Pollution control facilities located in Alton and Venice townships show an assessment decrease of \$2,900.

The County Data Processing Department will run the 1979 collector books and the tax bills after the tax rates are computed by the county clerk's office, Miss Bowles added.

Last fall's tax levies are applied to newly-determined assessment totals for each taxing district to determine rates.

These rates are then applied against individual property valuations to set the amounts of tax bills to be collected in the late summer.

## Venice budget up

Projected expenditures of \$1,275,111 for the 1980-81 fiscal year that began May 1 are contained in a tentative budget which will be presented to the Venice City Council for approval in its next council session Tuesday, July 29.

The new budget figure is \$64,740 higher than last year's 1979-80 tentative of \$1,210,372, with \$29,684 of the increase in appropriations for the police department. The new appropriations bill reflects salary increases only in some departments, rather than an across-the-board pay hike for all city employees.

Capital expenditures include \$50,000 for new trucks in the street department and \$9,000 for new police cars. A total of \$30,000 for new equipment for garbage collection and \$15,000 for building demolitions also are included.

Total police department expenditures of \$333,520 is budgeted, compared to \$293,948 last year, with the salary for the chief of police set at \$17,874, up from last year's figure of \$17,024, a hike of 5 percent.

Salaries of three sergeants are budgeted at \$41,205, up from \$38,656, and the salary of one corporal is set at \$14,594, up from \$13,744 last year. Combined salaries for 10 patrolmen total \$139,490 in the new budget, a hike of \$8,500 over last year's salaries of \$130,990. All police department salaries total \$281,929, compared to last year's total of \$263,245.

For the street department, the new budget includes a salary of \$15,490 for the street superintendent, up from \$14,640, and a salary of \$14,570 for the assistant street superintendent, up from \$13,720. Salaries for labor total \$39,493, up from \$38,083 last year, and an additional \$4,000 for overtime and holiday work, the same as last year.

An item of \$26,000 for extra street department labor also is in the budget, compared to \$25,287 in the previous budget.

There are no increases in the salary of the mayor at \$3,600, the city treasurer at \$2,400. Expenses for the mayor remain unchanged at \$4,875 as do expenses for the clerk and treasurer at \$1,950 each.

The comptroller's salary is fixed at \$11,038, up from \$9,867 last year when the city had an acting comptroller. Per diem fees for aldermen attending meetings is unchanged at \$12,400 and the salary of the mayor's secretary is unchanged at \$5,250.

Budgeted expenditures for the legal department are unchanged at \$13,710, including the city attorney's salary of \$11,700, extra legal services at \$1,000, travel expenses of \$500 and legal publication costs at \$500.

Expenses for garbage collection are projected at \$60,401, up from \$60,722. They include \$35,265 for labor, up from \$35,655, \$1,446 in longevity pay and \$2,150 in overtime and holiday pay, up from \$1,068 and \$2,000 respectively. A total of \$11,000, unchanged from last

year, is set for landfill fees. The budget for the public library totals \$58,040, up from \$47,497. Salaries are projected at \$38,205, compared to \$28,272 last year.

Other appropriations are \$20,000 for municipal retirement fees, up from \$80,000; \$3,010 for emergency services (civil defense), unchanged; \$15,000 for services for the elderly, unchanged; \$15,000 for health, unchanged, and \$15,000 for contingency, unchanged.

## New drug fights premature labor

William L. Kempiners, director of the Illinois Department of Public Health, announced this week that the Food and Drug Administration has approved a new drug, ritodrine hydrochloride, for use in stopping premature labor.

The drug is intended to help prevent some of the thousands of premature births and fetal and infant deaths that occur each year.

"Pre-term deliveries babies born less than 36 weeks after conception — account for about 10 percent of the three million live births each year in the U.S.," Kempiners said.

"Devised to relax the uterus, ritodrine is the first significantly effective drug approved to treat premature labor."

"Drugs that act on the nervous system — sedatives, pain killers, alcohol, muscle relaxants, and hormone inhibitors — have all been used, but with only moderate success. Many also have adverse effects."

"In American clinical trials, ritodrine helped prevent some premature births, particularly of babies carried less than 32 weeks. Its ability to delay births resulted in decreased infant

deaths and respiratory distress syndrome (RDS), a condition common in premature babies."

"It prolonged pregnancy and increased the proportion of babies weighing five and a half pounds or more at birth."

"Studies showed that the death rate of newborns of mothers treated with ritodrine was five percent. Incidence of RDS in this group was 11 percent."

"In contrast, the death rate of babies born to women who received other forms of treatment for premature labor was 13 percent, and incidence of RDS was 20 percent."

"Ritodrine has not been adequately studied in women who have been pregnant less than 20 weeks and should not be used during that period."

"Side effects found during clinical trials include increased maternal and fetal heart rate, palpitations, tremor, nervousness and a mild drop in blood pressure."

### Inappropriate time to abolish city air quality agency

Wood River, East St. Louis and Edwardsville are among the Madison-St. Clair counties cities singled out for criticism in the latest annual air quality report prepared by the Ambient Air Monitoring Section of the Division of Air Pollution Control of the Illinois Environmental Protection Agency.

Pollutants blown here from Missouri are given some of the blame, but Granite City again is spotlighted regarding particulates—dust in the air. And the figures compiled from monitoring stations show the particulate problem is getting slightly worse in both Granite City and the entire state of Illinois, reversing a trend toward better air quality in recent years.

This would tend to argue against the proposal to end the Granite City municipal air pollution agency, even though it is a cost item for city taxpayers and even though it is only one of several such agencies in the state. Most communities do not bother to operate a local air quality department.

The idea of abolishing the city pollution department gained momentum after it was learned that the Illinois EPA is taking over some of the air monitoring duties formerly handled by the city.

But Daniel J. Goodwin, manager of the state Air Pollution Control Division, has pointed out that under a joint agreement "Granite City still would be responsible for monitoring suspended particulate matter, the most severe air pollution problem facing Granite City residents." He adds that "latest reports reveal particulate levels in parts of Granite City exceed the health standard by 287 percent."

The primary annual standard is 75 micrograms per cubic meter, the 1979 Illinois air quality report relates, and the

primary 24-hour standard is 260. Granite City had the state's two highest 24-hour averages for the year—436 on one day at 2001 E. 20th St. and 679 at a Norfolk & Western Railway right-of-way site.

Once again, Granite City topped Illinois' particulate list in annual average, with a 1979 figure of 215 (at 2001 E. 20th). Of the highest nine locations in the area, five were in the city, seven were in Granite City.

Dale Kolaz, manager of the Ambient Air Monitoring Section, concedes that "air pollution is a difficult variable phenomenon relying on the interplay of a variety of conditions. Foremost among these are the weather, geography and economics."

"Weather conditions involve atmospheric stability, wind speed and direction, precipitation, solar radiation and temperature. It's important to know the geography—whether the area is urban, rural, valley or plain. Economies include such things as the concentrations of industries, boom or recession times, and whether it's a weekday or the weekend."

"All of these things are contributing factors to the quality of the air we breathe in this state. These variations often can be seen as a pattern in monitoring on a daily, seasonal or longer range basis."

While the wind and other factors create some uncertainties as to source, and while the statistics vary considerably from day to day, and weather conditions are heavily monitored are likely to get more noteworthy than communities lacking any kind of air tests, it nevertheless seems clear that Granite City has not yet solved its air quality problem.

This being the case, it would be an inappropriate time to eliminate the city air department, despite budget considerations.

### Chance to learn more about local Indian civilization

"Rediscover Cahokia" activities this Saturday and Sunday at the Cahokia Mounds State Historic Site in Collinsville, Mo., will provide a new look into the unique, still mysterious Indian prehistoric culture that flourished here from about the year 800 to 1500.

There will be demonstrations of Indian crafts, bus rides through the sprawling site that once was the most populous city in North America, explanations of the archaeological excavations and what it is hoped to disassemble the prehistoric artifact exhibits and interactive Indian dancing.

The American Indians who lived and built mounds here created a culture covering six square miles. They numbered as many as 30,000 or 40,000 at different times.

Satellite communities or suburbs surrounded the main city at varying distances. Illinois Conservation Department authorities relate. A comprehensive trade network that was developed by the

Indians extended as far as Mexico, Florida, Georgia and the northern Great Lakes.

Aided by a new stairway that will be dedicated Saturday, visitors will be able to climb the 100-foot-tall, 15-acre-square Mounds' Mound. The largest of the estimated 200 earthen mounds created by the Cahokians, it is believed to be the location of a temple where religious ceremonies, perhaps including human sacrifices, were performed.

Likewise, visitors will include flint tool manufacture, beadwork, weaving, pottery making and quilting. The latter involves making designs from porcupine quills—Braniff says. The latter involves making designs from porcupine quills—Braniff says. The latter involves making designs from porcupine quills—Braniff says.

Even for those residents and visitors who have visited the Indian mounds in recent years, the weekend seems sure to offer an exciting and informative experience.

### PORCH THEFT

A Sears air compressor valued at \$200 and a skill saw worth \$10 were stolen from an enclosed rear porch at the home of Jerry E. Webb, 1099 St. Clair Ave., he reported Monday.

### GARAGE BURGLARY

Two 26-inch bicycles, valued at \$245, were stolen from the garage at the home of the Patterson, 2604 Iowa St., he reported at 8:15 p.m. Tuesday.

### Let public decide Ill. House size

To the Editor:

As a staunch advocate of democracy, I abhor any and all efforts to thwart the process of democracy. I've lived through four wars over the right to vote as a means to govern ourselves.

At the time of our gaining independence from England, travel was slow, depending on horse, boat or foot. Representation was a must.

As time elapsed, travel and communication speeded up immensely. It is now to a point where people can make or repeal laws directly, as in Switzerland, but to a degree only at this time.

Several states have this privilege of direct representation or repealing and some have gone even farther by direct recall of elected officials.

Illinois has only the privilege by the voter to determine the size of the House.

It's being thwarted by dihard legislators who think more of their jobs than of democracy.

### Shift from wheat to corn, beans in Madison County

The yearly market value of agricultural products sold by the 1,756 farms in Madison County amounted to \$83 million or an average of \$47,200 each, up from \$40.7 million in 1974 with an accompanying increase in production costs, according to a preliminary report of the 1978 Census of Agriculture released Wednesday by the Bureau of the Census, U.S. Department of Commerce.

A breakdown of the county's total agricultural sales for 1978, followed by that for 1974, follows: Crops, \$38.8 million compared with \$33.8 million; livestock and livestock products, \$18.5 and \$15.1 million; and poultry and poultry products, \$650,000 and \$653,000.

While the value of gross sales rose, the farmers' costs also climbed.

Expenditures for fertilizer for 1978 were \$4.7 million compared with \$3.9 million. Costs of gasoline, diesel and other petroleum products were \$3.3 million compared to \$2.4 million.

Farm energy costs of all types totaled \$4.1 million for 1978. The estimated market value of machinery and equipment per farm increased from \$26,432 to \$28,490.

Corn for grain or seed led with 6,430,699 bushels from 69,272 acres, followed by soybeans with 3,265,406 bushels from 135,864 acres, and wheat with 1,516,823 bushels from 39,601 acres.

Other crops grown in Madison county were sorghums, hay, red clover seed, alfalfa, oats, sweet corn, green peas, milk and field peas.

Of the total farms in the county, 144 had gross sales of \$100,000 or more. Of these, 145 had sales of over \$10,000.

Farms operated by individuals or families represented 86 percent of the total; farms operated by corporations accounted for two percent.

About 85 percent of the operators owned all or part of the land they operated. In 1978, the average age of the farm operator was 50.3 years.

Since 1974, the proportion

of operators listing farming as their principal occupation changed from 99 percent to 52 percent.

Other results of the census show that the number of farms decreased from 1,883 to 1,756, while the average size changed from 172 to 190 acres.

All land in farms totaled 360,601 acres in 1978 compared to 324,745 acres in 1974. Land from which crops were harvested increased from 245,402 to 259,895 acres.

The number of cattle and calves decreased from 34,531 to 29,084, while farms with 100 or more on hand accounted for 26 percent.

Fed cattle accounted for 49 percent of total 1978 cattle and calves sold in 1978.

The number of hogs and pigs changed from 48,390 to 52,624, while farms with 100 or more on hand accounted for 40 percent of the total inventory. Of the total, 23,068 hogs and pigs sold in 1978, 9,897 were sold as feeder pigs.

Hens and chicks of laying age decreased from 72,844 to 49,490.

Acres of crops harvested for 1978 and 1974 were as follows: corn for grain, 69,272 acres vs. 67,141 acres; wheat, 39,601 acres vs. 59,222 acres; hay, 17,750 acres vs. 20,304 acres; and soybeans, 135,864 acres vs. 98,763 acres.

Farmers grew vegetables on 1,415 acres in 1978.

Production of soybeans for 1978 of 3.9 million bushels compared to 2.4 million bushels in 1974, while the corn total of 6.4 million was an increase from 5.2 million.

Who decreased to 1.5 million bushels from two million.

The figures are for farms qualifying under the definition: Any place from which \$1,000 or more of agricultural products were sold, or normally would have been sold, during the census year.

Data in the reports for acreage and inventories for 1978 and 1974 are directly comparable; however, dollar values have not been adjusted for changes in price levels.

### Muscular Dystrophy benefit show Aug. 9

"Echoes of Elvis" starring Douglas, an Elvis Presley impersonator, from Alton, will be presented as a three-hour benefit event Saturday, Aug. 9, in the 300 room at the Tri-Motor Hotel.

Proceeds from the show, which starts at 9 p.m. and continues until 12 midnight, will be contributed to the Jerry Lewis Fund to aid the Muscular Dystrophy Association in its patient care, research and rehabilitation work.

Tickets, costing \$5 each, may be purchased in advance at the bowling lanes.

### Against school closing

To the Editor:

I see in the paper that the board of District Nine is going to sell Stallings School. The reason given is that the school is too small.

Let's face it, the school is not too small. It's just too small for the taxpayers.

My opinion of their effort is that it is very un-American, to say the least. If they are so minded, they can go to Brazil, Argentina, Chile, or Cuba, Russia or China.

If they are truly American, they will do all in their power to make democracy work as it can and should, by not letting anything or anyone thwart the process even if it means their job.

Let voters determine their own future. Let voters determine their own future. Let voters determine their own future.

Let voters determine their own future. Let voters determine their own future. Let voters determine their own future.

Let voters determine their own future. Let voters determine their own future. Let voters determine their own future.

Let voters determine their own future. Let voters determine their own future. Let voters determine their own future.

Let voters determine their own future. Let voters determine their own future. Let voters determine their own future.

Let voters determine their own future. Let voters determine their own future. Let voters determine their own future.

Board and save the taxpayers a lot of money? If we do not have any schools, what do we need a School Board for?

EDWIN A. HESSEL, SR.  
4416 Highway 182

Lawmakers are behind times with the voters. In many cases, lawmakers' rationale for their position on issues by thinking or trying to know what the public best.

I know what's best for me and everyone else knows what's best for each individual. It's imperative that we have democracy come in.

Let the majority rule. For the good of the old U.S.A., please don't let us have a voting process or do away with our democracy.

There are few questions which are more important than whether we have peace or war. It is imperative that this question be raised and studied.

## Letters to the Editor

### Unjustified suspension of firemen

To the Editor:

I seriously question the reasoning of the Venice City Council in the suspension of three Venice firemen, for allegedly disobeying a council order concerning the use of the fire department van.

At the City Council meeting of July 1, Alderman John Ervin brought up the fact of the \$74 additional insurance coverage needed to take the van to Fire College.

It was stated that it would be unfair to other city officials who attend conventions, to pay the additional cost beyond the \$300 allowed for expenses.

In the same breath, a motion was made and unanimously passed prohibiting use of the van.

The van was purchased by the fire department in 1977, and has been used for the last three years by department members to attend Fire College and conventions.

The use of the van has been at the sole discretion of the fire department, with no members over age 25 insured to drive the van.

The fire department has always paid the yearly insurance, plus any additional coverage for such trips.

The three firemen, Harold Koelker Jr., Thomas Brent and Gary Wallace, two trustees and the fire marshal, respectively, met in the quarters of the fire department with Alderman John Ervin, chairman of the Fire and Water Committee.

They readily consented to pay for the cost of the gasoline used for the trip. They were told that was not adequate restitution.

The three firemen were asked to pay \$40 apiece (in addition to the cost of gasoline and the additional insurance paid by the department) and the matter would be dropped.

The firemen felt that was unfair and refused.

Later on that evening at the council meeting of July 15, Alderman Ervin made the motion that the fireman be required to pay \$15 apiece and serve a two-week suspension without pay from the department; with the driver of the van to receive 30 days. The motion passed unanimously.

should they remain in the final bill, may do more to improve education in Arizona than if the legislature had invented a machine that counted unlimited school dollars.

These kinds of testing requirements indicate that Arizona legislators are responsive to constituent dissatisfaction with the quality of public education.

According to a national 1979 Gallup Poll, comparison with a national 1973 Gallup Poll shows that respondents tabulated reveal a radical change in attitude toward public schooling.

A statewide, norm-referenced standardized testing program for public school students through seventh grades, is also mandated. Results must be reported to parents and include the child's standing in his class, his school, school district and nation.

Comparative standings for school districts and the state will be publicized. The Arizona Tax Research Association, which has monitored legislation in the state for over 25 years, observed in the February 1980 issue of "Public Schools," is moving very quickly to

### Unhappy over disorderly meeting

To the Editor:

On Wednesday evening, July 16, my wife and I attended a meeting at the Alton public officials' hall, which was described by the media as a meeting of taxpayers to discuss ways of cutting county taxes.

The meeting was held by the National Taxpayers United of Illinois (NTU).

The meeting was attended by a large number of County Board members, county officials, county employees and county appointees. With few exceptions, the conduct of these "public sessions" was totally abhorrent.

Having traveled 30 miles from Troy to Alton, my wife and I wanted to hear what was being said at the meeting.

Throughout the entire meeting, an "honorable" public officials' hall, which was described by the media as a meeting of taxpayers to discuss ways of cutting county taxes.

They did their best to disrupt the meeting and to live up to the less than flattering titles applied to public officials by the speakers. They did their best to live up to the ideal of machine, backroom, back-alley politics at its worst.

Upon entering the meeting, I had an open mind about war and peace issues. We have lived under and benefited economically from a wartime economy for more than 40 years. What would happen if peace broke out?

Beware of attaching the label of "unpatriotic" to those who are wise enough and courageous enough to believe him who said, "Beware of the peace-makers," for true patriotism goes beyond love of the flag to love of what is truly good for our nation.

Peace transcends politics. The times demand that we seek peace a major concern.

MARION PIERSON

I must question several points. First, why did this come up for council action to begin with?

Secretary of the fire department, Dave Costa, indicated that no request for the use of the van had been submitted to the council in his knowledge.

And no direct order from fire officials was given prohibiting the use of the van.

Secondary, the additional insurance coverage had been arranged by members of the fire department prior to the July meeting.

The intent of the motion that was passed, prohibiting the use of the van, was clear but was an example of administrative turmoil.

This leads me to question the motive for such discipline.

I feel that a refund for the gasoline was appropriate but for the firemen, the suspensions were unwarranted.

Believe the men were victims of circumstance. PHILLIP DANIELS  
First Ward Alderman, Venice

have legislation drawn up and passed that would prevent state mandated competency tests. Why?

What are the reasons for these tests? Parents know how their children compare with their peers in other parts of the state and the nation?

Could it be that standardized competency tests would expose many of the experimental education programs for what they really are?

Parents are the schools that are using social education teaching philosophies would "stick out like a sore thumb" when compared with schools that are concerned with teaching traditional academic basics?

# Alton puts an end to Tri-City's title hope

By PETE HAYES

Sports Editor of the Press-Record  
ALTON — The roller coaster finally came to a halt here Tuesday night. Tri-City's up-and-down American Legion baseball season was ended by Alton 4-0 in a loser's bracket game. But take away some loose fielding, a controversial call in the fourth inning, and the two teams could still be playing. It was that close. Tri-City pitcher Kevin Cripps allowed only two hits, but his teammates com-

mitted three errors behind him and got only two hits themselves. And then there was the little matter of a three-run homerun by Alton's Chuck Mathews after that close call by the umpires in the fourth inning. "That call really changed the complexion of the whole inning," said Tri-City manager Eldon Warfield. "The call kind of shook Kevin up a little and he served up that fastball. Mathews on a silver platter. It wasn't the best way to pitch to Mathews."

The call Warfield referred to came after Alton had already taken a 1-0 lead. With one out and Alton runners on first and third, Cripps, facing first base, wheeled around suddenly and threw the ball to third baseman John Vrenick in an attempt to pick off Alton catcher Dick Lyons who had reached on a fielder's choice. "Besides, we had the two best umpires in the league working the game anyway. They don't make

probably took them by surprise. They didn't think Cripps was going to whip around like that." But despite the closeness of the call, Warfield didn't engage in a rubarb with the men in blue, as would have probably been the case early this season. "I've calmed down a little since the beginning of the season," he said. "Besides, we had the two best umpires in the league working the game anyway. They don't make

GRANITE CITY (ILL.) PRESS-RECORD, Thursday, July 24, 1980 — 21

# Collinsville has the upper hand in chase

By MARGARET ADES

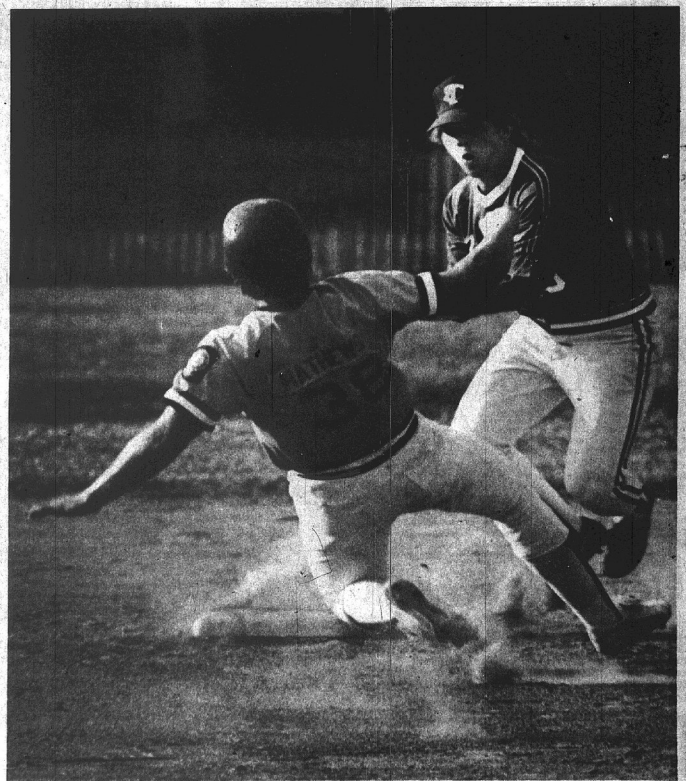

For the Press-Record  
EDWARDSVILLE — It was a pitcher's duel — that is, until the eighth inning. Collinsville's American Legion baseball team, trailing through the entire game against Edwarsville, came up with two runs in the seventh inning to tie the score and then tagged reliever Marty Mikovich for four runs in the eighth Tuesday night for a 7-3 win. Collinsville fireballer Jeff McDaniel met head-on with Vince Broderick in the second round of the

American Legion District 22 North Division playoffs. McDaniel went the distance for Collinsville, giving up only four hits and striking out six. He struggled in the sixth inning, walking home two runs, but slammed the door on Edwarsville for the rest of the game. Broderick, allowed just one walk in seven innings of work. Mikovich came on in the eighth, giving up three walks and three hits for Post 365's four runs. "We come from behind a lot," said Collinsville first baseman Barry Wilson. "We

knew we'd win. That was a clutch hit." Wilson was referring to designated hitter Jeff Church's triple in the eighth. Church had four RBI for the evening's work. He sent home Scott Carson in the fifth, and added three more in the eighth by scoring Randy McEwen, Keith Throm and Todd Miller with his triple. The three runs broke the 3-3 tie to push Collinsville over the top 6-3. Rich Lambert singled to score Church with the game's final run. Bob Manville put

Edwardsville on the scoreboard first in the second inning. The score remained 1-0 in favor of Edwarsville until Scott Carson tied the game in the fifth. He singled, stole second and scored on Church's single. McDaniel ran into his biggest troubles in the sixth. Bob McManus singled and Manville walked. After Tim Yarnick reached to load the bases, Tim Miller and Greg Steiner each walked to force in Edwarsville's last two runs.

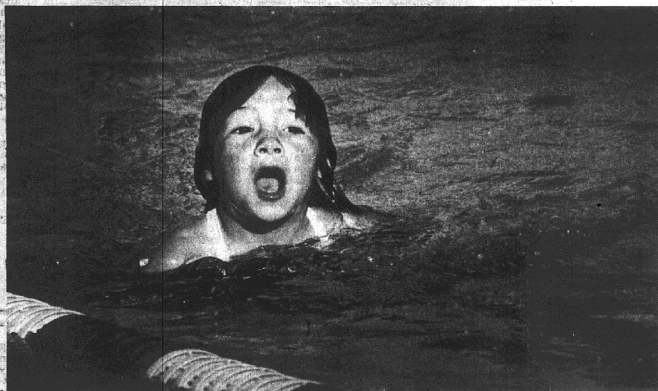

(Continued on Page 23)

BOB BATEY, Tri-City shortstop, tries to avoid a slide by Alton's Mathews and make a throw to first base to complete a doubleplay.

UP FOR AIR. This young Paddlers swimmer comes up for a breath of air during breaststroke competition. Paddlers whipped

Summersport of Alton Tuesday, the first time since 1968 that the Granite City swimmers and divers have done so. (Press-Record photo)

# Paddlers whip Summersport for first time since 1968

GRANITE CITY — It was business as usual here Tuesday. Well, almost. The Paddlers swimming team won its weekly dual meet rather easily. That's business as usual. But the team they beat — now that's a little unusual. Paddlers whipped Summersport of Alton 379-246, marking the first time since 1968 that the Granite City team had done so. In remaining undefeated, the Paddlers also broke 12 team records — that's business as usual. Last week against Gaslight of Collinsville, Paddlers set 13 new marks. Among the records broken were: The 11-12 year old boys 100 meter freestyle mark was broken by John Amish who swam the distance in 1:11.06. The old record was 1:12.06 held by Jason Jolly. The 8 and Under Boys Medley Relay record was broken by Mark Fussell, Danny McCormick, JoJo Martinez and Dan Niles in a time of 1:34.07. The old mark was 1:34.70. Dave Baker, Mike McCormick, Vince Darnell and Collins Harlan set a new record of 2:55.33 in the 9-10 Boys Medley Relay. The old mark of 3:06, had stood since 1973.

The 11-12 Girls Medley Relay team of Kristi Toussaint, Lisa Baldwin, Diane Oliver and Linda Kuberski set a record with a time of 2:38.06. The old record of 2:40.1 had stood since 1974. 9-10 Boys freestyle record was set by Paddlers' Mike McCormick with a time of 34.83 seconds. The old record of 35.4 set by Kelly Mann had stood since 1973. Patti Martin set two records. She had a 1:25.96 in the 9-10 Girls individual medley, breaking the old record of 1:27.1 that had stood since 1972 and she set a new mark in the 9-10 Girls Backstroke with her time of 41.89. The old mark of 44.57 was held by Kristi Toussaint. Paddlers' D'Na Hankins broke her own record in the 8-10 Girls Breaststroke with her time of 45.97. The old mark was 47.96. The Paddlers 8 and Under Boys Freestyle Relay team of JoJo Martinez, Tobe Suarez, Danny Niles and Mark Fussell set a record with their time of 1:24.52. The old record was 1:30.26. Dave Baker, Collins Harlan, Vince Darnell and Mike McCormick teamed up to set a record in the 9-10 Boys Freestyle Relay with their

time of 2:37.0. The old mark was 2:37.1, set in 1973. The 10-11 Girls Freestyle team of Kelly Reed, Tonya Geski, D'Na Hankins and Patti Martin set a record in their event with a time of 2:33.99. The old record of 2:41.4 had stood since 1972. Other Paddlers swimmers placing first were: 100 METER FREESTYLE — 11-12 Girls: Linda Kuberski, 13-14 Girls: Denise Darnell, 15-17 Boys: John Becherer. 50 FREESTYLE — 9-10 Girls: Patti Martin, 11-12 Girls: Linda Kuberski, 13-14 Girls: Laura Jensen, 15-17 Boys: John Becherer. 100 INDIVIDUAL MEDLEY — 9-10 Boys: Mike McCormick. 200 INDIVIDUAL MEDLEY — 13-14 Boys: Jason Jolly, Girls: Denise Darnell, 15-17 Boys: Shawn Allen. 25 BREASTSTROKE — Girls 8 & Under: Jennie Baker. 50 BREASTSTROKE — Mike McCormick, 100 BREASTSTROKE — 13-14 Girls: J'Lynn Hankins, 15-17 Boys: Scott Buenger. 50 BACKSTROKE — 9-10 Boys: Dave Baker, 11-12 Girls: Kristi Toussaint, 100 BACKSTROKE — 15-

# 'Big Bud' hot air balloon to be at Fairmount this weekend

COLLINSVILLE — Look! Up in the sky! It's a bird... it's a plane... it's the Big Budweiser Hot Air Balloon. The Big Bud hot air balloon will be at Fairmount Park Race Track, Collinsville, Saturday, July 26 and Sunday, July 27, as an added attraction to the regular thoroughbred racing card. The Big Bud hot air balloon is a seven-story high, red, white and blue touring sky show. It's 55 feet in diameter and 68 feet high... crammed with 77,000 cubic feet of hot air. It took 700 hours of needlework to sew the Bud balloon together. The Big Bud hot air balloon has appeared at such celebrated events as the Kentucky Derby, Mardi Gras, and the New York State Fair. The Big Bud balloon was the first hot air balloon in history to cross from the Bahamas to the United States.

On Saturday evening, Fairmount Park will feature the Big Bud balloon in a "hare and hound" race before the horses take the track for the first race at 7:45 p.m. post time. Gates

will open early — 5:30 p.m. — so patrons can enjoy the pre-lift-off activities. Sunday afternoon, in addition to the Big Bud balloon, Fairmount Park

will feature and "old Time" long distance gas balloon race for the first 1,000 patrons. Individual balloons will be launched, with contestants registering their names on the airborne entries. The person with the balloon going the farthest distance will win \$100 cash.

### Physicals given to GC athletes

GRANITE CITY — Fall physicals for Granite City high school boys will be given Aug. 7 and 8. The physicals are for those wanting to take part in any fall sport at either Granite City High School North or Granite City High School South.

Thursday, Aug. 7, the

physicals will be given at 6 p.m. at the GCBS South gymnasium. Friday, Aug. 8, the physicals will be given at 6 p.m. at the GCBS North gymnasium. The fee for the physicals is \$5.

An announcement will be made at a later date as to the time and place of girls' physical exams.

### Important game in I-C League

GRANITE CITY — A make-up Inter-City League doubleheader that could have a big bearing on the outcome of the league standings will take place tonight.

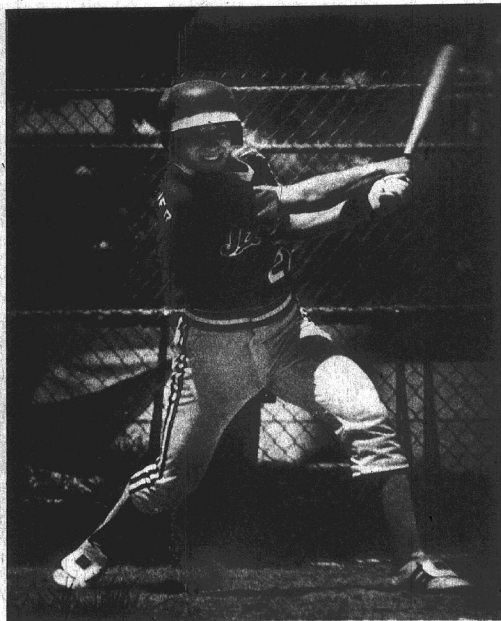

Corral and McDonald's, both of Granite City, will angle tonight (Thursday) at Granite City South's field on

Fehling Road. The game was originally scheduled for the first weekend of the season, but was postponed because many of the players on both teams were still playing for their high school teams. Both Corral and McDonald's are chasing Maryville in the race for first place in the I-C League standings.

### Field hockey at SIU

EDWARDSVILLE — The 1980 national field hockey championship tournament of the Association of Intercollegiate Athletics for Women, Division II, will be hosted by Southern Illinois

University at Edwardsville. It has been announced by Cindy Jones, SIUE's assistant athletic director. The dates set for the AIW tournament are Nov. 19-22.

BOB STEGEMEIER of Tri-City Post 113 takes a swing. His team's season came to an end Tuesday at Alton when it fell in the loser's bracket.

(Press-Record photo)

### Large crowd at Speedway races

A crowded field of 29 entries in the sportmen's division, plus a full card of entries in the late model and hobby stock divisions, battled the heat and each other Saturday night before a packed grandstand at the Godfrey Speedway.

Winner in the late model feature classic was Ed Bauman of Springfield. Runners-up were: Lou Thery, Bunker Hill, second; John Seels, Brighton, third; Kevin Goss, Godfrey, fourth; and Mark Kruse, Brighton, fifth.

Seels won the handicap event in late model racing, with Mike Hannerle, St. Charles, Mo., second; and Thery, third.

Top spots in the first heat went to Hannerle, Gary Landolt, East Alton, and Kruse. Second heat first through third finishers were Seels, Bauman and Terry Cox.

Bob Stanton of Godfrey took the checkered flag in the sportmen's division feature race.

Following Stanton across the finish line were: Bob

Bizelli, O'Fallon, Mo., second; Lou Janssen, Bethalto, third; Jake Seels, Brighton, fourth; and Jim Emery, East Alton, fifth. Finishing in the first three slots in the first heat of the sportmen's division were Bizelli, Gary Weber, St. Louis, and Randy Butler, East Alton. Second heat honors went to Steve Salyvian, Steve Shiva, Dorsey, and Mel Weigel, Wood River.

Cleo Reeves of Elsie won the feature race in the hobby stock division, followed by Tom Wheeler, Alton, second; Dan Baker, East Alton, third; Roy Braundmeier, fourth; and Tony St. Clair, fifth.

St. Clair and Reeves scored top times in the hobby stock's first and second heats, respectively.

Godfrey Speedway will mark its 30th anniversary Aug. 1 and 2, with special events planned for racing fans on Saturday, July 26, with feature racing getting under way at 7:30.

### Former Cougar now in Europe

EDWARDSVILLE — Bennie Lewis, former basketball star at Southern Illinois University at Edwardsville and Lincoln High in East St. Louis, is now playing and starring in the Queensland Amateur

Basketball Association in Brisbane, Australia. As a member of the West Melbourne team, Lewis is scoring at a blistering pace. In two games last week, he hit 34 and 40 points and is currently third highest in the league with a per-game average of 32.2 points.

League action opened three weeks ago. In addition to playing with the Mitchellton team, Lewis also is coaching a girls' basketball team.

Competition in the league will continue through the last week in October. Lewis, after starring at Lincoln High in East St. Louis, was a key player on the Black Hawk East Junior College five before coming to SIUE to play, as a regular, for the 1977-78 and 1978-79 seasons. He was the Cougars' top scorer his junior year and was barely edged by SIUE's all-time high scorer, Neil Peebles, his senior year.

# St. Louis to host international soccer meet

## SIU's Guelker in charge of youth tourney

By AL BARNES  
for the Press-Record  
EDWARDSVILLE  
Nineteen countries from North and Central America and the Caribbean area have entered the World Youth Coca-Cola Cup soccer championship competition which are to be played at four sites in the United States early in August.

It will be the first time the U.S. has hosted the international competition. The first tournament finals were held at Panama City, Panama, in March 1962, with Mexico defeating Guatemala in the title game.

One of the four regional tournament sites will be at Southern Illinois University at Edwardsville. The University is approximately 20 minutes from downtown St. Louis. Games will be played on Cougar Field, site of three previous NCAA national championship tournaments: 1971, 1972 and 1975.

Director of the World Youth regional tournament at SIUE is Bob Guelker, veteran soccer coach of the SIUE Cougars' soccer team which won the NCAA Division I national championship last December at Tampa, Fla.

The other three sites are: West — Los Angeles; South — Dallas; and East — Princeton, N.J. Host of all four tournaments is the United States Soccer Federation. Coca-Cola is the chief financial underwriter for the regional tournaments, and the world

winner will be awarded the "Coca-Cola Cup." Competition in the four regional tournaments will get underway Aug. 1, Guelker said. "The Midwest tourney here at SIUE will be played over three dates, starting Tuesday, Aug. 5 with a pair of games and continuing with two Thursday night, Aug. 7, and ending with a pair Saturday, Aug. 9," Guelker explained. The games will be at 6:30 p.m.

Guelker pointed out that the first and second-place teams in each of the four regional tournaments will qualify for the quarter-final rounds. The Edwardsville winner and runner-up will advance to Washington, D.C., to play the two survivors from the Princeton regional on Aug. 12, in a twin-bill. The South and West winners and runners-up will play a pair of double headers at Los Angeles, also on Aug. 12.

The winners and runners-up at Washington and Los Angeles will advance to the semi-finals to be played at the John F. Kennedy Stadium, Friday, Aug. 15, in the nation's capital city. Guelker then explained that the two surviving national teams will battle it out for the championship Sunday, Aug. 17, at the Giants Stadium in East

## SIU names Rick Samuels

CHARLESTON — Rick Samuels, 31, former assistant and co-head coach at Iowa State University, will become the new head basketball coach at Eastern Illinois University, Athletic Director R. C. Johnson announced Thursday.

## Second cage coach in less than month

Samuels replaces Jene Davis, Indiana University assistant, who resigned Monday after less than one week on the job.

"After interviewing all four candidates earlier this month, we said we would feel comfortable with any one of them," said Johnson. "When Davis resigned, there was no hesitancy in offering the position to Rick. He has accepted full aware of what has transpired in the past week, and is eagerly looking forward to the challenge of moving Eastern basketball into Division I competition."

Samuels has been a member of the Iowa State staff since 1976, first as a part-time assistant, then a full time assistant and last year served half a season as co-head coach following Lynn Nance's resignation in mid-year.

"I feel the same about Eastern as I did when I interviewed... it's a great place to be a college head basketball coach," Samuels said. "My family and I are excited about the challenge and opportunity."

"It's obvious the loss of a couple of starters (Dennis Mumford and Mike Pickens) announced they would transfer to Texas-San Antonio) will hurt but I'm anxious to see what talent is available."

In the next few weeks I plan to familiarize myself more with Eastern plus explore some possibilities to recruit for this coming season. I don't know how productive we can be at this point but plan to seek some size," he explained.

During his short time as co-head coach, the Cyclones shocked Big Eight basketball circles by recording victories over Kansas State, Oklahoma and Colorado. A one-point loss at Oklahoma State kept I-State from ending the year with four consecutive victories. "Among Rick's many praiseworthy and personal characteristics are his loyalty and integrity," said Iowa State President Robert Parks. "He along with another assistant coach took over the coaching job, pulled the pieces together and ended last season with a much happier and more productive team than he inherited."

Alton — (Continued from page 21) those kinds of mistakes very often."

Then Mathews stroled to the plate and blasted a Cripps fastball over the outfield fence. Despite the fact that the plate at third would have meant only two out, Warfield still thought it was pivotal, "Kevin was shook up. He would have picked differently to Mathews."

Tri-City committed three errors in the game, two by usually sure-handed shortstop Baley and the other by top-notch second baseman Kevin Sykes. Both are District 22 All-Star selections. "It's not anybody's fault," said Warfield. "The shortstop position gets more grounder than I than any other. And second base isn't the easiest to play, either."

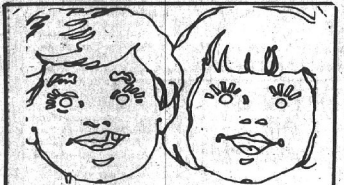

What did bother Warfield was the fact that Alton, not exactly known for its defensive prowess, was flawless in the game. "I can remember a game we've had with Alton that they haven't committed one error," he said. "Even their high school team (Alton High) usually makes errors."

"I think the thing that made the difference was that half of Alton's Legion players are from (Alton) Marquette, the 1A state high school champions. They've just been in the state playoffs and I think that helped them tonight."

Alton, which had lost to Collinsville to send it into the loser's bracket, came back last night in Edwardsville to out the first-place finishers from the tournament 12-7. That means Alton will again face Collinsville, at home, tonight (Thursday) at 6 o'clock. Should Alton win, it would face Collinsville Friday night at home in the double-elimination tourney.

Collinsville (Continued from page 21) That's when McDaniel got stingy. He went the rest of the game without giving up a hit or a walk, let alone another run. And while he kept Edwardsville stifled, Post 365's offense shifted into high gear. Collinsville came from behind in the seventh inning to tie it with runs by Vince Plants and Miller. Plants singled and scored on an error and Miller scored after reaching on an error.

"We're the best two teams in the state," said McClary, obviously pleased with the win.

## Rundgren's Utopia at River Festival

Todd Rundgren's Utopia will appear at the Illinois State River Festival on Sunday, July 27, beginning at 6:30 p.m.

Utopia is comprised of Rundgren on lead guitar, Kasim Sulton on bass guitar, Roger Powell on keyboards and John Wilcox on drums. Since the group's formation in 1974, Utopia has established a reputation for technological exploration, and they use technology as a means of strengthening the human bond between themselves and their audience. While they present a unified front, each of the members is also deeply involved in his own solo projects. This freedom is an integral part of Utopia's group concept. As Rundgren says, "Our total ideal is balance. That's why it's called Utopia."

Formed by singer-songwriter Todd Rundgren, Utopia has toured the world for five years and recently recorded a double live album, "Back to the Bars." Utopia's third album, "Adventures in Utopia," was evidence that the group was to pursue technical, musical and human excellence in recording. In fact, the album was recorded in Utopia's own audio studio and is partially based on a futuristic television show which the group intends to produce.

Utopia has had television's "Midnight Special," plus the live broadcast experimental closed circuit TV system QUBE—in Columbus, Ohio. The show was chosen the most popular in QUBE history.

The inspiration behind Utopia, Todd Rundgren, is a proven craftsman of the pop single, scoring a top-five hit in 1973 with "Hello It's Me," after the previous hits "I Saw the Light" and "Get You A Woman." His track record as producer includes Meat Loaf's debut album, plus albums by Patti Smith, Hall and Oates, Rick Derringer, Badfinger, the Tubes and the Butterfield Blues Band. Rundgren also played and/or engineered the Band's "Stagefright" and albums by Foghat, Johnny Winter and Bette Midler. Rundgren has released solo albums including "Faithful." Along with bassist Sulton, technological synthesizer genius Powell and drummer Wilcox, Rundgren creates the sound known as Utopia. Although each performer has the freedom to create their own individual sounds on albums, together they are one fantastic group.

Appearing with Utopia will be Ambrosia, whose recent hit "Biggest Part of Me" is

## Fireworks at State Fair

Fireworks will again light the skies over the Illinois State Fairgrounds in Springfield after grandstand shows from the first Friday through the last Sunday of the fair, Aug. 8-17.

In keeping with a tradition which began in 1894 at the first Illinois State Fair but was suspended for the past few years due to a lack of funds, the 1980 fireworks displays promise to be spectacular, officials said during the weekend.

Aerial shells 10 inches in diameter producing large color bursts will be launched from the mile track infield and will be interspersed with a variety of noisemakers.

The ground display will feature a 5-by-5 ft. "Old Glory" flag along with a Model T Ford and an old fashioned bicycle on alternating nights.

On Tuesday, Aug. 12, the night of the Willie Nelson grandstand show, a Texas flag will be added to the ground display. There will be no ground display of fireworks on Saturday, Aug. 9.

The 1980 fair will open Aug. 7.

## DISORDERLY CHARGE

Police were called last week to the home of Billy and Brenda Smith, 2507 E. 23rd St. after Frank G. Sellers, 1915 Harris St., Madison, allegedly refused to quit pounding on the door and shouting obscenities. When police arrived, they said he continued to create a disturbance and was charged with disorderly conduct. He was released on \$25 bond.

## On-site zoning hearings

The Madison County Zoning Board of Appeals was to hold two on-site public hearings today in Quad-City area townships.

The first hearing was at 10 a.m. at the corner of Harrison Street and Roosevelt Drive in Eagle Park Acres, Venice Township, where Eddie Lee Salsmond is requesting a special use permit to construct a fire station in an R-4 single-family residential district. He also seeks a variance in set back lines for the building.

At 10:25 a.m. today, the board met across the street from Sun-N-Fun on West O'lin of Rock Road in Mitchell, where Frank and Ed Melikan are requesting rezoning from R-3 residential to B-4 wholesale business district. They also are requesting to continue occupying a residence on the site, which is at Rural Route Two, Box 908, in Chouteau Township.

## Heart is key to coping with heat

As the heat continues to take a toll in human life, the Illinois Heart Association is advising older people to stay out of the sun, drink plenty of liquids and avoid strenuous activities.

Heart Association President Norman Scheibling, M.D., says, "Physical work should be saved for the early morning and late evening when the sun and heat are less intense. Heat generated during muscle activity adds to the

heat from the atmosphere and accumulates faster than the body can dissipate it. "When temperatures are unusually high, physical difficulty may occur with or without over-exertion because the circulatory system is unable to respond to heat stress."

"The heart is the key to an individual's ability to cope with a heat load. It must increase its output in order to pump the hot blood to the skin surface, where heat can

be dissipated by perspiring. "If the heart is not able to respond adequately, or if the person is dehydrated and the blood volume is low, the perspiration mechanism will fail and body temperature will rise."

"Heart disease, obesity, alcoholism, diabetes and the use of certain drugs make an individual more susceptible to heat stroke."

"Those who take diuretics (drugs that decrease body fluids) and those on a salt

restricted diet must check with their physician to see if an adjustment is necessary.

"Heat injuries are a serious problem. Heat stroke and exhaustion can be fatal if not treated immediately."

"Older people, and particularly those with cardiovascular problems, are urged to stay cool and call their physician if they should have difficulties," Dr. Scheibling concluded.

## Bloodworth Realty

MLS

876-5000

**NEW LISTING:** Beautiful three bedroom ranch close to North High. Has a fourth bedroom in the finished basement. Plus a big swimming pool to help you beat the heat on these hot summer days. Call and let us show it to you today.

**NEW LISTING:** Perfect for the family that likes lots of living space. This three or four bedroom home has extra large rooms, with beautiful plush carpeting in the living room, bay window in dining room, and wood cabinets in the eat-in kitchen. It needs a little touch up with paint, but is priced right in the low 30's. Don't let this B.Y. OF THIS WEEK get away from you! Call today. Lovely Older Victorian Home has a charm all its own that you will love. This home has a beautiful oak staircase, library, family room, three bedrooms, sewing room, living room, dining room, and kitchen, plus a back stairway. It is completely air-conditioned and has plush carpeting throughout.

**This Four Room Cottage** would make a great home for the NEWLYWED or the MINI family. The living room and bedroom have just been redecorated. It has a large lot and full basement. Priced at only \$15,500.

**Open Your Own Hotel Or Business** in this 42 room corner BRICK building. It is priced where even the beginning business man can own it! Call and let us show you what you can own for only \$37,000.

**Need A Place To Escape All The Everyday Hassles?** We have the PLACE. It is a cool shaded lot at Lake Ka-Ho. Use it as a summer retreat surrounding this lovely three bedroom brick ranch, plus a living room, kitchen, full basement, a one car garage.

**PRICED IN THE FORTIES...** An attractive ranch with three bedrooms, living room, kitchen, beautiful marble window sills, priced under \$35,000.00.

**Assoc. Broker:** 876-1881

**Roseann Balsam:** 876-1881

**Erv DeRousse:** 876-5461

**Memorials 32**  
IN LOVING MEMORY OF GEORGE KENNETH WAGNER SR., July 26, 1977. God gave no strength to bear and courage to meet the blow, and what it meant to lose him the world will never know. — Sadly missed by Mom, Dad, Brothers, Sisters and Families. 32 7 24

**IN MEMORY OF ATLAS** MOTES, July 27, 1968. There is a great channel sever, love and remembrance last forever. — Sadly missed by Children. 327 24  
**IN MEMORY OF GERALDINE** MCGOVERN who passed away July 23, 1974. We think of her with love and devotion. She was so often, and feel once more the sudden blow, that does not seem to soften. Dear God forgive us a mother, a sister, a friend, a silent wish that you were here. Others we taken, yes we know, but you were ours and we loved you so. Although, a prayer, a silent tear, keeps her presence ever near. — Sadly missed by Husband, Son and Daughters and Mother and Dad and all those who loved you dearly. 32 7 24

**IN LOVING** memory of WILLIAM G. SMITH who passed away July 22, 1974. It's been six long years, we still love you dad, and you will never be forgotten. — Sadly missed by Wife, Children and Grandchildren. 32 7 24

**IN LOVING** memory of JAMES W. EMMERT, July 24, 1968. — Son Ernie and Family. 32 7 24  
**IN LOVING** memory of SHIRLEY BARTON, July 24, 1970. Time speeds on, ten years have passed, since death its gloom, its shadow, cast within our home, where all seemed bright, and took from us a shining light. We miss that light and ever will, as we miss you, Shirley. — None to fill. Down here we mourn, but not in vain, for up in heaven we will meet. — Sadly missed by Wife and Family. 32 7 24

**Public Notices 33**  
Madison County Board of Appeals  
**NOTICE OF PUBLIC HEARING**  
Notice is hereby given that the above named Board of Appeals, established under the terms of the Madison County Zoning Ordinance, will hold a Public Hearing on the 7th day of August, 1980, at the time and place as noted below for the purpose of hearing testimony for and or against the following proposed change in the above named Ordinance:  
At 9 a.m. on the petition of Mrs. Lavern Rapp, Owner of Record, and Gary Rapp, Occupant of mobile home, requesting a Special Use Permit as per Article II, Section 303 and Subsection 303.3 of the Madison County Zoning Ordinance-1975 in order to place a mobile home on this property for as long as it is possible, this mobile home will be occupied by my son who is engaged in the farming operation on the property. This is located in an Agricultural District in Nameoki Township. This is located at 3720 Carroll Road, beginning at the Southeast corner of the NE 1/4 of Section 10 thence North along west line of the Northeast of Section 10 1715 feet thence east 1016 feet; thence south 1715 feet; thence west 1016 feet to the POINT OF BEGINNING, containing 40 acres.  
Excess tract to Rapp recorded in Book 1328 Page 199.  
The hearing will be held at the above described site, Madison County Zoning Board of Appeals, Per ROY H. FRUIT, Chairman. 32 7 24

**Public Notices 33**  
Changes in Schedule to the Patrons of Illinois-American Water Company  
Illinois-American Water Company hereby gives notice to its patrons that it has filed with the Illinois Commerce Commission proposed changes in its rates, rules and regulations for water service in the Cities of East St. Louis, Madison, Venice and Centerville, Villages of National City, Fairmont City, Brooklynn, Sauget, Washington Park, Alorton, Cahokia, Swansea and Pontoon Beach, and Townships of Canton, St. Clair, and Stokely, and the environs of each, all located in the Counties of St. Clair, Madison, Illinois, and that said changes involve an average increase of approximately fourteen and eight tenths percent (14.8 percent) for all classes of service other than public fire service, the rate for public fire service not being increased over the rates now in effect.  
A copy of the proposed changes in schedule may be inspected by any interested party at the business office of this Company.  
All parties interested in this matter may obtain information with respect thereto either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission, at Springfield, Illinois 62706.  
Illinois-American Water Company  
By: R. W. GREEN, Vice President-Manager  
No. 58 32 7 24

**NOTICE OF PUBLIC HEARING**  
NOTICE IS HEREBY GIVEN by the Board of Education of School District No. 9 in the County of Madison, State of Illinois, that the Tentative Budget for

WHEREAS, also pursuant to the aforesaid Ordinance No. 109, a public hearing was held on the Proposed Annual Budget and Appropriation Ordinance, on this 10th day of July, A.D., 1980, at 7 o'clock p.m., in the office of the Park District at 323 Broadway in the City of Venice, Illinois, after public notice of said hearing had been posted in five (5) public places by the Secretary, in and about the District, as directed and set forth in Ordinance No. 109, now therefore  
BE IT ORDAINED BY THE BOARD OF PARK COMMISSIONERS OF THE VENICE PARK DISTRICT, IN THE COUNTY OF MADISON AND STATE OF ILLINOIS:

Section 1: That the following Budget reflecting the monies to be expended, and the income to be received, is hereby adopted as the Budget of Venice Park District for the fiscal year beginning May 1, 1980, and ending April 30, 1981, to-wit:

GENERAL CORPORATE	RECREATION	AUDIT	LIABILITY INSURANCE	I.M.R.F.
Cash Balance May 1, 1980.....	\$16,718.81	\$2,540.96	\$99.21	\$2,855.07

Cash balance or deficiency expected + April 30, 1981.....	215.81	(2,457.96)	107.86	6,526.23

## Public Notices 33

Madison County  
Zoning Ordinance  
Board of Appeals  
NOTICE OF  
PUBLIC HEARING

Notice is hereby given that the above named Board of Appeals, established under the terms of the Madison County Zoning Ordinance, will hold a Public Hearing on the 7th day of August, 1980, at the time and place as noted below for the purpose of hearing testimony for and/or against the following proposed change in the above named Ordinance.

At 9:45 a.m. on the petition of Canaan Gallie Missionary Baptist Church, Inc. by Leo Maack, Their Agent, Owners of Record, requesting a Variation as per Article II Section 205.6 and 205.7 of the Madison County Zoning Ordinance.

The hearing will be held at the Madison County Zoning Ordinance-1975 in front yard set back lines in order to construct an addition to an existing Religious Building for the Canaan Gallie Missionary Baptist Church, to come within six feet of the front lot line instead of the required twenty-five feet in an R-4 Single Family Residence District in Venice Township. This is located at 307 Allen Street in Eagle Park Acres.

Lots 57, 58 and 59 of Williams Subdivision, located in a portion of the Southwest half of U.S. Survey 723 Claim 103-104 Township Three North Range 10 West of Third Principal Meridian.

The hearing will be held at the above described site at Madison County Zoning Per ROY H. FRUIT, Chairman No. 52 33 7 24

Claim Notice  
State of Illinois  
In the Circuit Court  
of the  
Third Judicial Circuit  
Madison County,  
Probate Division

IN THE MATTER OF THE ESTATE OF EVELYN STAPLETON, DECEASED.

No. 80-P-363  
Notice is given of the death of the above.

Date Letters Were Issued: July 2, 1980.  
Administrator: Hope Reynolds, P. 151 Woodlawn, Granite City, Ill.  
Attorney: Lawrence T. Hartman, P.O. Box 1236, Granite City, Ill.

Claims against the estate may be filed in the office of the Circuit Court, Probate Division, County Courthouse in Edwardsville, Illinois, within six months from date of issuance of letters; and any claim not so filed is barred as to the estate inventoried within that period. Also, copies of claims must be mailed or delivered to the administrator and to the attorney.

WILLARD V. PORTELL, Clerk of the Circuit Court, No. 27 33 7 10 17 24

Madison County  
Zoning Ordinance  
Board of Appeals  
NOTICE OF  
PUBLIC HEARING

Notice is hereby given that the above named Board of Appeals, established under the terms of the Madison County Zoning Ordinance, will hold a Public Hearing on the 7th day of August, 1980, at the time and place as noted below for the purpose of hearing testimony for and/or against the following proposed change in the above named Ordinance.

At 9:30 a.m. on the petition of Betty Gibson, Owner of Record, and Occupant of mobile home, requesting a Special Use Permit as per Article II Section 205.6 and 205.7 of the Madison County Zoning Ordinance-1975 in order to continue the placement of a single wide mobile home on this property as per ZBA File No. 3445 (expired) or any residence in an R-4 Single Family Residence District in Nameoki Township. This is located at 301 Brooker in Eagle Park Acres.

Lot 56 Vacant Addition in the Northwest of Section 31 Nameoki Township. The hearing will be held at the above described site at Madison County Zoning Board of Appeals Per ROY H. FRUIT, Chairman No. 51 33 7 24

Administrator: Joel A. Kunin, 600 Watch Hill, Collinsville, Ill.

Attorney: Lawrence Alan Waldman, 412 Mission Ave., E. St. Louis, Ill. Claims against the estate may be filed in the office of the Circuit Court, Probate Division, County Courthouse in Edwardsville, Illinois, within six months from date of issuance of letters; and any claim not so filed is barred as to the estate inventoried within that period. Also, copies of claims must be mailed or delivered to the administrator and to the attorney.

WILLARD V. PORTELL, Clerk of the Circuit Court, No. 29 33 7 10 17 24

Public Notice  
Notice of Proposed Change in Schedule.

To Patrons of Illinois Power Company: The Illinois Power Company hereby gives notice to the public that it has filed with the Illinois Commerce Commission to become effective August 22, 1980, a proposed change in its Schedule Rates for Gas Service, Ill. C. C. No. 25, which applies in all communities and areas served by it. The proposed change establishes a base charge per therm of 59.35 cents for consumption during the period August 22, 1980 through August 21, 1981, for service rendered under Service Classification 1 in Rider A occurring subsequent to August 22, 1980.

A copy of the proposed change in schedule may be inspected by any interested party at any business office of the Company. All parties interested in this matter may obtain information with respect thereto either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission, Springfield, Illinois 62701. ## Pollination among area vine crops

By CHRIS DOLL  
Area Garden Adviser

Poor flavor, bitterness, and shape in cucumbers and melons are due to poor soil and weather conditions or poor seed quality. Many gardeners are afraid to plant cucumbers and melons together for fear of hybridization. This does not occur between these crops because they do not cross pollinate between species.

Cross pollination does occur between varieties within a cucurbit species. But it affects the seed and not the plant's fruit.

For example, Sugar Baby Watermelon is recommended for pollinating Spicess watermelon varieties.

Other varieties of watermelon may cross pollinate each other and the result will be melons true to the variety planted. The seeds from these melons and cucumbers varieties now planted are hybrids, saving seed isn't recommended. So any pollination between varieties within a species doesn't mean much to a gardener.

Members of some squash and pumpkin species can and do cross, so that seed should not be saved from fruits in mixed plantings. The cross pollination does not affect the fruit of this year's crop. They should be replanted in the spring.

The effect is in the seed, and odd shapes, colors and sizes could be visible next year.

Thus, members of the summer squash group such as zucchini, straightneck and pattypan may cross pollinate to produce normal fruits this year and odd fruits next year.

Repair project  
at apron of dam

The Jody Company of Kansas City, Kan., has been awarded a contract by the State of Illinois to repair work on the concrete stilling basin apron at Locks and Dam 26 Mississippi River, at Alton.

The \$1,790,490 contract calls for inspection of the apron by a diver, and disposal of stone and reinforcement which might interfere with repair of existing locks and piers. The work, described as part of the necessary maintenance of the aging structure, is expected to take nine months.

Meanwhile, work is continuing on the new facility two miles downstream to replace the locks and dam. The new river lock will not be operational until 1987.

Outstanding student award

A Granite City student receiving an award for the annual awards and honors day of Evangel College, Springfield, Mo.

David Hillis, son of Mr. and Mrs. Paul Hillis, 2456 Illinois Ave., was named the outstanding member of the General Assembly for 1980 by the Association of Evangel College Students.

The association is the student governing branch of the college.

A 1975 Granite City high school graduate and a sophomore at Evangel, Hillis is majoring in Biblical studies. Awards and honors were presented by Dr. Zenas Bicket, academic dean.

Evangel is a four-year Assemblies of God college of arts and sciences, accredited by the North Central Association. The enrollment of 1,612 is the highest since the college was founded in 1955.

INSTRUCTIONS TO BIDDERS are available at the Madison County Purchasing Department or the Auditor's Office, Courthouse, Edwardsville, Ill.

BID OPENING to be Tuesday, August 12, 1980, at 3:30 p.m., at the Madison County Courthouse, Edwardsville, Ill.

## Smokers still find quitting isn't easy

Three out of four smokers who quit eventually start smoking again, most of them because of withdrawal symptoms. The tobacco withdrawal syndrome includes such effects as increased anxiety and irritability, metabolic changes, and weight gain.

The most commonly reported symptom is a craving for tobacco; 90 percent of all smokers report a craving for tobacco when they attempt to quit, according to the American Psychological Association.

In order to study tobacco withdrawal more closely, psychologists Saul Shiffman and Murray Jarvik have conducted a study with 40 smokers who participated in a smoking cessation clinic.

For two weeks, each completed four daily questionnaires which the psychologists used to chart the withdrawal symptoms.

What they discovered was that the symptoms varied with the method used to help the smoker quit. Half quit "cold turkey" and half received their smoking slowly.

Although both groups initially reported similar symptoms, only the "cold turkey" group experienced a large decrease in symptoms during the first week.

Shiffman and Jarvik said, "Smokers who cut down their consumption precipitate a chronic state of withdrawal."

"The cigarettes indulged in by smokers who attempt to cut down may serve only to prolong their agony by intermittently reinforcing their symptoms and their smoking behavior."

Another group of psychologists, Phoebus Tongas, Sheldon Goodnick and Judith Patterson, studied personal characteristics which distinguish successful quitters from non-successful quitters.

They studied 134 smokers who averaged one and a half packs a day. After completing questionnaires on personal and demographic data, smoking habits, degree of motivation, and reasons for participating in the anti-smoking program, the subjects were randomly placed in one of four cessation programs, five days in length, with a six month follow-up.

At the end of the six months, 60 percent had completely quit smoking. When questionnaire responses of the successful and unsuccessful quitters were compared, differences emerged.

Regarding personal characteristics, Tongas, Goodnick, and Patterson found age to be the most important "discriminator." Smokers over 45 proved to be the most successful long-range quitters.

Family smoking habits were also a big factor. Those whose fathers did not smoke were more likely to successfully quit than those whose fathers were smokers.

The psychologists also found that persons who smoked heavily at social gatherings were less able to quit successfully, as were those who smoked most heavily during the evening hours.

Data also showed that smokers who had previously been able to quit smoking for considerable time periods were most likely to be successful in smoking cessation programs.

Of the motivational characteristics studied, psychologists found that smokers who quit "because a significant other person wanted them to quit" were more successful than those who participated for either health reasons or because of their own personal desire."

Throughout the remainder of July, a mobile screening unit will be stationed in various neighborhoods in Alton, Granite City, Madison and Venice to test children for lead poisoning.

Personnel from the Illinois Department of Public Health will be in the mobile unit to collect blood samples from children. The blood samples are collected through a simple finger-stick.

William L. Kempiners, director of the state health department, says the primary victims of lead poisoning are children between the ages of one and six years.

"Through testing programs such as this one," he adds, "lead poisoning can be detected before symptoms occur, and the child can be treated effectively."

Kempiners explained that, when an elevated blood lead level is detected in a child, the state health department ensures that the child is seen by a physician for necessary treatment.

"To prevent further ill effects," he added, "the source of the lead must be identified and removed from the child's environment."

Personnel from the state health department will try to identify the source of lead and provide consultation on how to eliminate it."

Files criminal damage charge

Robert E. Centers, 19, of 2012 Edgewood Ave. was charged with criminal damage to property at 12:15 p.m. Monday, after he allegedly kicked in a rear door to his former apartment at 2137b Benton St.

Haskell Bryant, who owns the Benton Street property, said Centers had agreed to let the apartment of his property prior to July 18 and the locks were changed Monday.

Centers pleaded innocent before a judge at 4:35 p.m. Monday and was released on a \$1,000 recognizance bond.

They studied 134 smokers who averaged one and a half packs a day. After completing questionnaires on personal and demographic data, smoking habits, degree of motivation, and reasons for participating in the anti-smoking program, the subjects were randomly placed in one of four cessation programs, five days in length, with a six month follow-up.

## Hospital Notes

Patients admitted to St. Elizabeth Medical Center, include:

July 19—Albert Overton, Terri Overton, Ladora Lipinski, Catherine Wise, Connie Worthen, all of Granite City; Dorothy Leorch and Peggy Hallman, both of Madison; Surraya Siddiqui, St. Charles, Mo.; and Danni Carr, St. Louis.

July 14—Shaun Moran, Ruth Matthews, Roger Bruning, Jeannette Kelley, Leila Whittington, Cynthia Campbell, George Fuchs, all of Granite City; Roger Foreman, Madison; Leona Wittenauer, Red Bud; and Carl Prude, East St. Louis.

July 16—Helen Leicher, Bonnie Sullivan, Lori Day, Tanya McWilliams, Wesley Sperino, Charlotte Davis, Laverne Robertson, Theresa Jansen, Tommy Hughes, Norman Bennett, Shirley F. Gitcho, Theresa Seelner, Barbara Wiese, Delmer Schwartz, all of Granite City; Marilyn Johnson, Maryville.

July 16—Timothy Byrd and Doris Lunday, both of Granite City; and Robert Amos, Edwardsville.

Thursday, July 17—Audrey Nation, Leora Andersen, Tracy Wilkins, Brenda Davis, all of Granite City; Theodore Turner, Madison; Sheryl Ariana, Collinsville; and Anthony Zoller, Wood River.

Friday, July 18—Robert Smith, Granite City.

Data also showed that smokers who had previously been able to quit smoking for considerable time periods were most likely to be successful in smoking cessation programs.

Of the motivational characteristics studied, psychologists found that smokers who quit "because a significant other person wanted them to quit" were more successful than those who participated for either health reasons or because of their own personal desire."

## Dissolve 30 marriages

Thirty Quad-City area couples have had their marriages dissolved in Madison County Circuit Court. Dissolution of marriage judgments, with the husbands named first, were granted to:

Grover Wilson McCoy and Dorothy N. McCoy (Jones), both of Granite City. They were married May 4, 1964.

Terry R. Timmons of Sandoval, Ill., and Melody R. Timmons (Collins), of Granite City. They were married Nov. 1, 1975.

Larry G. Hamilton and Janice Marie Hamilton (McClaren) of Granite City. They were married July 20, 1964.

Farrell D. McLean of St. Louis and Robin D. McLean (McComb) of Granite City. They were married Dec. 21, 1968.

Jay Van Rainwater of Pontoon Beach and Cheryl L. Rainwater of Granite City. They were married Feb. 4, 1978.

Norman Louis Powell and Arline Powell (Pyles), both of Granite City. They were married April 4, 1977.

Charles E. Willoughby and Claudine A. Willoughby (Gascen), both of Granite City. They were married Feb. 12, 1970.

Rodney L. Ballard and Janet S. Ballard (Biggs), both of Granite City. They were married Aug. 6, 1978.

Myles James and Siltha James, both of Madison. They were married Oct. 23, 1976.

Thomas Redden of Chicago and Erma Dee Redden (Boyce) of Granite City. They were married July 6, 1979.

Robert L. Wilkinson and Natalie Wilkinson (Hogue), both of Granite City. They were married Nov. 16, 1969.

Lawrence Gene Hayden and Tina Louise Hayden (Watson), both of Granite City. They were married Oct. 6, 1975.

Harley E. Barton Jr. and Katherine M. Barton (Williams), both of Granite City. They were married June 9, 1978.

Louis Everett McCoy III and Christine Marie McCoy (Lund), both of Granite City. They were married June 24, 1978.

Robert Kenneth Hoffman and Ruth Ann Hoffman (Roland), both of Granite City. They were married Dec. 4, 1978.

Walter Douglas Westbrook and Deborah Lynne Westbrook (Ackerman), both of Granite City. They were married Sept. 20, 1979.

John A. Blattner and Josephine Blattner, both of Granite City. They were married March 17, 1979.

Ronald Ralph Noser and Margaret Ann Noser (Dorich), both of Granite City. They were married March 6, 1956.

George M. Chase and Opal Ann Chase (Yates) of Granite City. They were married Sept. 21, 1974.

Herbert Lindner and Ella Lindner, both of Granite City. They were married Oct. 28, 1952.

Jimmy D. Vinson of Tucson, Ariz., and Beverly Sue Vinson (Griggs) of Granite City. They were married Sept. 1, 1961.

Mark Steven Nolen and Julia Gennett Nolen (Razor), both of Granite City. They were married Jan. 22, 1966.

Lloyd M. Kell of Berkeley, Mo., and Rosemary T. Kell (Kirby) of Granite City. They were married June 3, 1978.

Robert Leo Walsh Jr. and Janet Elaine Walsh (Schmidt), both of Granite City. They were married Jan. 16, 1979.

Dane Andrew Grube and Sharon Louise Grube (Roberts), both of Granite City.

Robert Martin Wallace of Nameoki Township and Glenn Lee Wallace (Weis) of Madison. They were married Jan. 16, 1979.

Irvin Andrew Parrott and Gail Ann Parrott (Crone), both of Granite City. They were married Jan. 16, 1979.

Jackie D. Mitchell and Candy J. Mitchell (Wallace), both of Granite City. They were married Jan. 13, 1979.

Phillip D. Fuller of Granite City and Brenda E. Fuller (Hutchinson) of East Alton. They were married Jan. 10, 1979.

Floyd Schoenherr of New Jersey and Sharon L. Schoenherr (Simmons) of Granite City. They were married Jan. 19, 1972.

**ENTER WAREHOUSE**  
Noel Chaires, manager of Pennville Corp., located in the Laclede Steel complex in Madison, reported Monday that someone entered a warehouse and removed a set of pocket wrenches, a sledge hammer and a time clock.

## Builders' degree program continuing

The four-year degree program in construction at SIUE, one of only two offered in Illinois, has received second-year funding of \$15,000 from the Southern Illinois Builders Association (SIBA).

Thomas Anderson, den of the SIUE School of Science and Technology, said the program, approved in 1978, prepares students for work in the construction industry by combining basic scientific courses with classes in business and engineering practices and procedures.

It is directed by associate professor Mike Snell through the department of engineering and technology and has attracted 25 undergraduates.

Ralph Korte of Highland, a former SIBA president and graduate of SIUE, said the industry needs middle management personnel, and the bachelor of science degree program is designed to educate and train them.

Students learn chemistry, physics and mathematics, along with accounting, finance and economics and most aspects of the construction trades.

The highland contractor spearheaded the drive to establish the construction degree with a \$45,000, three-year commitment by SIBA. He offers a scholarship for dependents of employees of the Ralph Korte Construction Co.

**Man with knife charged by police**  
Brian K. Settles, 24, of 3092 Wayne Ave., was released during the weekend after posting a \$102 cash bond on a charge of aggravated assault.

Police reported they answered a disturbance call concerning a man with a knife at Settles' residence at 8:10 p.m. Saturday.

Police said they were let into the house by a relative and Settles was standing in a doorway between the living room and kitchen, holding a knife with a 3 1/2 blade.

Settles allegedly said, while making a gesture toward the police with the knife, "Let me see what kind of man you are."

Police ordered him to drop the knife and Settles, according to authorities, repeated the challenge and made another menacing gesture toward the police.

An officer then took his service revolver out, pointed it at Settles, and again ordered him to drop the knife at which time Settles dropped the knife.

Settles was taken to the police station and charged. Police tagged the knife as evidence.

## Troubled teenager needs foster home

(Children and Family Services)

Calvin hides his feelings with an exterior of anger, and his smiles are rare.

He leaves an impression of independence and depression, but in reality a sensitive young man who needs to be respected and trusted but is afraid to try.

He needs a foster home. Calvin is 17 years old, white, with dark brown hair and grey eyes. He is moody and preoccupied with his problems and does not have the desire at this point to better himself.

Because of an unstable home life and lack of nurturing and discipline, Calvin has attempted to cover his emotions with anger and indifference and has turned to drugs and alcohol for relief.

It may be difficult for him to adjust and form a relationship, and will require a tremendous emotional investment from a foster parent.

Those who are interested in Calvin or in foster care in general may call the Illinois Department of Children and Family Services, 676-9985, and ask for Shirley.

Medical, dental and pharmaceutical expenses are paid by the state, and a board check of \$180 a month is paid for housing teenagers.

## Knights of Columbus install new officers

Tri-Cities Council 1098, Knights of Columbus of officers, members and wives attended the Holy Sacrifice of Mass at St. Joseph Church at 8 a.m. Sunday, celebrated by Chaplain Father Victor Chabert.

Immediately following the mass new officers were installed by District Deputy Dr. John E. Vasiloff.

Those taking the oath of office were Grand Knight August Sacadat, Deputy Grand Knight Stanley Mikolajczuk, Warden Mike DeRunt, Chancellor Victor Chabert, Recorder Harry Hadley, Treasurer Frank Vrabec, Financial Secretary Tilghman A. Feiler, Advocate Edward Evans, Trustees Rudolph Hofek, Kenneth Marti and Albert Sanders, Inside Guard Joseph Timko and Outside Guard Steve Oros.

The Fourth Degree Knights of Columbus served as honor guard for the installation and the church procession was led by Harry Hadley, the new faithful navigator.

After the ceremony a breakfast was served at the Knights of Columbus Hall for all who attended with Father Gary Nichols offering the opening and closing prayer.

Grand Knight August Sacadat addressed the group and introduced those seated at the main table.

Dr. Vasiloff spoke and congratulated those present for 100 per cent participation in the program. He commended the local council for its active role in the supreme, state and local programs and projects.

At the conclusion Grand Knight Sacadat spoke on the importance of membership in the order and stressed the necessary ingredient is teamwork in all the programs and projects.

## GC youth helping produce TV special in Las Vegas, Nev.

Glenn Tonsor, formerly of Granite City who began at an early age as an amateur magician before local groups, is now employed at Las Vegas as the technical lighting designer and technical director of a television special being developed by Siegfried and Roy, a widely known magical act, according to word received by his family.

Tonsor, who is now 19, began performing magical tricks when he was in the second grade and made many appearances before Cub Scout, PTA and other groups.

He is the son of Mr. and Mrs. Glenn Tonsor, 2106 Woodlawn Ave.

Mrs. Tonsor said her son told her in a letter that the special TV program will require about four months in preparation and will be aired in November.

# Try leaving on a flight of fancy.

It's one thing to sit around and dream of faraway places. But when you decide to go, you've got to come up with a ticket. Wishing won't make it so. Saving will get you there.

One of the easiest, safest ways to save is to buy U.S. Savings Bonds through the Payroll Savings Plan. A little is taken out of each paycheck automatically. And the Bonds will eventually grow into a first-class ticket to anywhere.

Nothing is too far. Tahiti, London, Paris, Rome. Even a trip around the world. Or just a long vacation on a Caribbean island. Anywhere.

So go ahead, take a flight of fancy. Then start buying Bonds so you can take a fancy flight.

## Cherry Towne and Maple Manor

... a very special bedroom in your choice of two finishes—Cherry or Maple

Cherry Towne is a faithful reflection of the very finest Colonial styling... a painstakingly accurate and authentic masterpiece that has been crafted to perfection.

It is finished in elegant, burnished maple... a deep, hand rubbed finish that brings forth all of nature's beauty from its solid Alder construction. No, there are no veneers or false wood products in Cherry Towne, just the finest solid Alder hardwoods. Alder is a member of the Birch Family.

Even the drawer bottoms, dust proofing and backs are made from genuine wood. But that's just one of so many heirloom qualities you'll find... like solid antique brass hardware and heavy plate glass mirrors.

Mobel's Cherry Towne... an elegant classic for today, designed for beautiful tomorrows. Choose from a variety of sizes of dressers, mirrors, chests, beds and night stands, to fit any room.
